LEGAL EXHAUSTS

REVTECH PERFORMANCE EXHAUST – ECONOMICAL E3,E4 AND E5 COMPLIANT EXHAUST

RevTech is Custom Chrome's own brand and has always stood for high-quality accessories and spare parts for Harley-Davidson motorcycles for decades. For 2023, Custom Chrome Europe added an important component to the RevTech portfolio: The RevTech Performance Exhaust. These are both complete exhaust systems including headers as well as slip-on silencers. Both are coming with removable absorbers. Of course, the complete systems and the slip-ons are legal and homologated according to Euro 3, Euro 4 and Euro 5. If you need to make your ride legal or just wish to make it quieter, RevTech Performance Exhaust is your first choice.

Dr. Jekyll & Mr. Hyde
THE EXHAUST

DR. JEKILL & MR. HYDE – PREMIUM PRODUCT WITH PREMIUM EQUIPMENT AND PREMIUM SERVICE

The name says it all. The electronically adjustable exhaust systems from Dr. Jekyll & Mr. Hyde give you the opportunity to adapt the sound to the moment. With a simple push of a button, a valve inside the muffler closes or opens and gives your exhaust more sound and performance: Closed, in Dr. Jekyll mode for a relaxed ride, open in Mr. Hyde mode for maximum sound and performance or half-open in Dynamic mode in between. Whichever mode you choose, you'll always be 100% legal.

VPERFORMANCE – FOR MODERN HARLEY-DAVIDSON AND INDIAN MOTORCYCLES

Looking for a legal muffler (Euro 5 homologated) or just something quieter than a non-homologated exhaust for Harley-Davidson and Indian motorcycles? VPerformance offers mufflers for the complete range for both brands. The extreme short mufflers give the bikes a much better look compared to the OEM ones. The customer can additionally choose between different finishes and end caps. In all cases VPerformance offers a deeper, more engaging sound but as legal as the stock mufflers. And of course, you are not limited to Euro 5, especially for Indian models as Euro 3 and Euro 4 are also available.

BSL – HANDMADE LEGAL PIPES FOR CUSTOM BIKES

The exhaust systems from the Austrian manufacturer always has the attraction of outstanding designs and/or finishes. Whether Firestarter, Rainbow, Top Chopp or Bomb V2, the designs stand for themselves. And once you have discovered the Outline finish for yourself, you can't get deny the styling. So obviously BSL systems are particularly suitable for very special conversions and Custom Bikes. The highlight: all BSL exhaust are handmade, homologated and completely street legal. In this case, customizing and legality are not mutually exclusive, but complement each other. The core program of designs is always in stock, further designs are available as special orders at any time.

KODLIN- HIGH QUALITY EXHAUSTS IN AN OUTSTANDING DESIGN E4/E5 COMPLIANT

Are you in search of the perfect exhaust system to elevate your bike's performance? Look no further! Kodlin exhaust systems stand as a pinnacle in the realm of Harley-Davidson accessory exhausts. Crafted with the utmost attention to detail and using only the finest materials, these systems boast not only an extravagant aesthetic but also unparalleled quality. Experience the epitome of motorcycle exhaust excellence with Kodlin.

FALCON – THE BEST OFFER FOR COMPLIANT / LEGAL EXHAUSTS

The portfolio of Falcon Exhausts covers both complete systems and mufflers. Falcon has been part of the Custom Chrome Europe range for a long time and stands for good quality at a reasonable price. We also offer Falcon legal systems, from Euro 2 til Euro 4.

Performance Exhaust System

Custom Chrome Europe is bringing the RevTech brand name back to market with a full line-up of high-grade, made in Europe performance exhaust systems.

Manufactured in doublewall high-grade stainless steel with solid flanges to fix the exhausts safely to the cylinder exhaust ports. Where necessary on some models, sensor positions are prepared to install existing sensors at the correct position. Aluminum-machined end caps contrast with the polished stainless steel and are styled to look like a jet engine exhaust. The brackets are opted for an easy and fast installation on the bike. The sound absorbers are removable for race use on closed/private tracks.

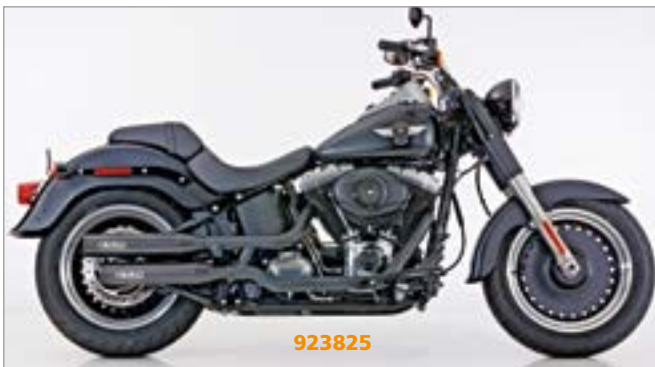

- Complete 2 in 2 exhaust system
- Made of stainless steel
- With short aluminum end caps
- With EG-BE
- Removable absorbers
- Note: The use of exhaust systems without or with modified absorbers on public roads violates local, state and/or federal/EU laws.

Dr. Jekyll & Mr. Hyde®

THE EXHAUST

ELECTRONICALLY ADJUSTABLE EXHAUST SYSTEMS

The Jekyll and Hyde Company gives motorcyclists the ultimate riding experience with The Exhaust. This is an electronically adjustable exhaust system gives you the possibility to adjust your sound to the moment. Give your bike the ultimate upgrade and take it to the next level with Dr. Jekyll & Mr. Hyde.

THREE SOUND MODES

By a simple push of a button a valve inside the muffler closes, opens, or opens halfway, adjusting your sound to the moment. Be silent in the Dr. Jekyll mode, let your bike roar in the Mr. Hyde mode or choose the Dynamic mode in between.

STREET LEGAL

Dr. Jekyll & Mr. Hyde | The Exhaust is a completely legal exhaust system that complies with European laws with approval ECE, EG-BE. The reason for this is that every Dr. Jekyll & Mr. Hyde system contains a smartbox: this electronic control unit is the brain of the product and contains software that reads CANBUS signals coming from the motorcycle's ECU. By committing the system to the parameters set by EU legislation, the Smartbox will seamlessly and subtly intervene if necessary. Riders don't have to worry about breaking the law in any situation; the system is always legal no matter what sound mode is selected. Dr. Jekyll & Mr. Hyde exhaust systems are fully compliant with the latest EURO norm. Before a system is released, it gets thoroughly tested by the proper authorities and only when they approve it, a Dr. Jekyll & Mr. Hyde exhaust system becomes available for your bike.

for more details check www.custom-chrome-europe.com

CHOOSE YOUR STYLE, CONFIGURE YOUR EXHAUST

To find an exhaust that fits your taste Dr. Jekyll & Mr. Hyde offer a wide variation of exhaust configurations that match the rider's individual preferences. In the online configurator you can find your bike and match it with your perfect exhaust.

PREMIUM QUALITY & 4 YEAR WARRANTY

A Dr. Jekyll & Mr. Hyde exhaust is a reliable and high quality product. All systems need to withstand all kinds of extreme (weather) conditions and extreme heat. Therefore they are thoroughly tested, before going into production. When all the tests are passed and an exhaust becomes available to the public, only the highest quality materials are used for the production which are all sourced from trusted suppliers in Europe. Since the exhausts are made to last and designed and manufactured with longevity in mind, all new exhaust systems are delivered with a standard 4 year warranty.

For more than 25 years The Jekyll and Hyde Company provides riders with the ultimate soundtrack for the road. Now it is time you enhance your riding experience with Dr. Jekyll & Mr. Hyde | The Exhaust

2 in 2 Muffler Set for Sportster S Models

Directly coming from the V-Performance race experience this new product is a semi full system 2 in 2 with a central balancing pipe, the pipework is fully stainless steel made TIG welded, the 2 mufflers are from the TRACKER series in brushed stainless steel with a carbon fiber endcap.

The EURO5 homologation is obtained by the use of 2 catalyst converters in the central pipes.

The deep tone of the sound, as all the V-PERFORMANCE exhausts, is guaranteed by the special feature of the inner cartridge.

Great news also for the plate holder, a steel laser-cut piece to relocate the license plate under the tail and give to the new Harley a real racing style touch.

- With Service Card registration, 30 months V-Performance warranty
- Instruction video in the CCE Dealer Store at the respective article

Next Level NXL 2-in-1 Exhaust System

- Exclusive Kodlin Hi-End exhaust system in cooperation with ZARD
- Extremely sporty look due to polished „bare metal“ race look
- Manufactured in stainless steel
- High quality, visible finished welding seams
- Precision machined ports for stock cylinder heads
- High-strength spring tensioning of components in racing quality
- First-class workmanship
- Powerful sound for all Milwaukee Eight displacement variants
- Finest internal components for long life
- 3 lambda sensor connections (2 large for wideband sensors for tuning, incl. adapter for OEM sensors)
- Riveted „Kodlin powered by Zard“ nameplate

Color: Stainless Steel , Description: Visible Welding Seams , Certification: Euro 4, Euro 5 , Material: Stainless Steel , Unit: Each , Qty.: 1

Next Level NXL 2-in-1 Exhaust System Bracket Kit for Softail Breakout and Fat Boy Models

This bracket kit is required when installing a 2-in-1 Kodlin Next Level exhaust system on a 18-later Softail.

Part#: 925471 , Fitment: 18-19, 23 FXBR, 18-20 FXBRS 114, 18 FXBRS 114 ANX, 18-20 FLFB, 18-20 FLFBS 114, 18 FLFBS 114 ANX, 18 FLFBS 114 ANV, 21-22 FXBRS, 21-23 FLFBS, 23 FLFBSANV , Unit: Each , Qty.: 1

Performance Headers for M8 Touring Models

- Stainless Steel
- OEM connection diameter to left and right muffler
- For OEM and aftermarket slip-ons
- Visible welding seams
- Optimal header routing for noticeable performance
- Fits with OEM Floorboards or Ness Mid Controls for Touring models

Part#: 925469 , Fitment: 17-24 Touring , Color: Stainless Steel , Description: Visible Welding Seams , Material: Stainless Steel , Unit: Each , Qty.: 1

CCE Exclusive 2 in 2 Exhaust System

Custom Chrome Exclusive 2-into-2 exhaust systems by Falcon with EG approval (ABE). The headers are solid made of durable polished stainless steel in double wall construction. Complete with brackets, exhaust port flanges and stainless hardware.

- With welded mount
- Removable absorbers
- Note: The use of exhaust systems without or with modified absorbers on public roads violates local, state and/or federal/EU laws.

Certification: Euro 2 , Material: Stainless Steel , Unit: Set , Qty.: 1
