## SOUNDSTREAM REPLACEMENT RADIOS WITH APPLE CAR PLAY & ANDROID AUTO FOR HARLEY

**PrecisionPower**  
State of the Art Motorcycle Audio

**SOUNDSTREAM**  
**Bluetooth™**

Plug-n-play Soundstream Reserve Motorcycle Audio by Precision Power are upgrade head units for OEM Harley radios. Apart from the regular AM/FM radio and Bluetooth connection for phone calls and music, these units allow you to do the things you want as you can do in your car using Apple CarPlay or Android Auto. By plugging in your phone using the USB outlet, you can get riding directions, send and receive messages and listen/browse music, all in a way that allows you to stay focused on the ride. You can even use Siri on your Apple phone or the Google Assistant on your Android phone to find fuel stops along your journey. You can see it all on your radio's touchscreen display, helping you know more about what's nearby. The apps themselves have been reimagined for easier viewing, so you can use them while your eyes and hands stay where they belong on the road. Head units feature 7" (17.8cm) capacitive High-Definition touchscreen with customizable wallpaper/background .jpg & .jpeg via USB, USB Smartphone charging while connected (5V/1.5A), Low-Pressure IPx5 Rated Water Protection, built-in Equalizer, MP3/WMA/AAC/FLAC audio playback via USB (64GB Max), 50w per channel, 2-Ohm stable 4-channel amplifier, and 4V RCA Pre-outs, UV protection and conformal coated circuits. Units are bolt-in using the stock mounting hardware.

**Fits 2014 to present Touring and Trike models to replace standard Harley 4.3 and GT audio**  
**Works with OEM handlebar audio controls when installed with optional control module ZPN 770204**

**770200** Plug-N-Play OE fit Apple CarPlay and Android Auto head unit

**770204** Optional Control Module to use OEM handlebar audio controls

**Fits 2014 to present Touring and Trike models to replace CVO, Boom! and GTS audio**  
**Works with OEM handlebar audio controls when installed with optional control module ZPN 770204.**

Lets you retain factory features you would otherwise lose when installing a different head unit. Check out your hog's Engine Performance and Monitor Data such as; Tire Pressure, Battery Voltage, Dual-Function Handlebar Controls, Track Pack Gauges, and the ability to turn on Factory Amplifiers for CVO, Boom 1, and Boom 2 Systems. When your factory system does not support these functions yet you have to order a control module ZPN 770238 separately

**770201** Plug-N-Play OE fit Apple CarPlay and Android Auto head unit

**770204** Optional Control Module to use OEM handlebar audio controls

**770238** Optional Control Module for Engine Performance and Monitor Data

**Fits all 1998-2013 Road Glide models, upgrades from OEM Single DIN Audio to 7" LCD display**  
**Compatible with OEM handlebar audio controls**

**770202** Plug-N-Play OE fit Apple CarPlay and Android Auto head unit

**Fits 1998-2013 Touring models and 2009-2013 Trike models with Bat Wing fairing, upgrades from OEM Single DIN Audio to 7" LCD display**  
**Compatible with OEM handlebar audio controls**

**770203** Plug-N-Play OE fit Apple CarPlay and Android Auto head unit

### Replacement parts

**770205** Wiring harness as supplied with ZPN 770200 to connect OEM handlebar audio controls and ZPN 770204 Control Module

**770206** Replacement SAE to USB connector with rubber fairing grommet for 2014 and later models, dealer 5-pack

## VENTED FAIRING LOWERS WITH SPEAKERS

**PrecisionPower**  
State of the Art Motorcycle Audio

Precision Power's direct fitment solution for lower fairing speakers works excellent on your Touring bike. Add speaker pods for that additional audio punch and make your motorcycle a concert hall. Housing construction uses high-grade industrial ABS plastic painted in Vivid Black. They come with 6 1/2" 4 Ohm 75 Watt RMS waterproof speakers installed and include Waterproof Quick Disconnect plugs. They also come with a Midrange Notch Filter engineered and designed for the best sound for vented lower fairing. Pre-wired for the ZPN 770235 Atom Digital Amplifier but easy to rewire for use with other amplifiers.

**Set of left and right fairing lowers with speakers installed**

**770233** Fits 2014 to present Touring and Trike models, except those with Twin Cooled engines

**770234** Fits 1998-2013 Touring models and 2009-2013 Trike models

## PRECISION POWER POWERED SADDLEBAG SUBWOOFERS

**PrecisionPower**  
State of the Art Motorcycle Audio

Are you looking to add bass to your Harley-Davidson without all the headaches of matching up an amplifier or, even worse, taking away the saddlebag structure's integrity? Precision Power has created the SBW powered saddlebag drop-in subwoofer, a perfect marriage of the custom enclosure, subwoofer, and built-in digital amplifier that allows you to avoid complicated mathematics. You'll love the powerful impact this enclosure adds to your favorite tracks, and you'll rest easy knowing that you're getting state-of-the-art performance from Precision Power. The SBW kit comes equipped with a custom subwoofer paired with a passive radiator to increase bass response with a built-in 300-watt digital amplifier. Neodymium Magnet Motor enhances the subwoofer's motors' strength; it is also extremely light, which means more output and less weight. The sealed enclosure provides optimum sound quality, and the rugged rotational molded ABS plastic protects them wherever you ride or travel. High- and low-level adjustment switches allow you to connect it to any configuration, the system plug-n-plays behind either OEM Harley-Davidson radios or even our aftermarket Apple CarPlay & Android Auto replacement radio. With all this new bass comes a sort of new technology.

The Product Development team came up with a solution to port bass coming from your saddles without destroying the structure of each saddlebag. Each subwoofer kit comes with ported grommets equipped with a unique membrane allowing sound to pass through while keeping the elements out. It's specific technology all of you know and have experienced in sports earbuds; it's the special membrane that's the genius behind this product; you're welcome. We know you want it loud...

#### Fits 2014 to present Touring models

- 770228** Drop-in subwoofer kit for left side hard luggage  
**770229** Drop-in subwoofer kit for right side hard luggage

#### Fits 1998-2013 Touring models

- 770230** Drop-in subwoofer kit for left side hard luggage  
**770231** Drop-in subwoofer kit for right side hard luggage

#### Replacement parts

- 770232** Subwoofer only for all drop-in kits

#### PRECISION POWER FAIRING SPEAKER KITS

**NEW**

**PrecisionPower**  
 State of the Art Motorcycle Audio

The Precision Power coaxial speakers serve up your bike's powerful music. These speakers overcome road noise and do your music justice. Each fairing speaker kit comes with a Midrange Notch Filter engineered and designed for the best sound when installed with OE speaker pods for 2014 and newer. If for whatever reason, you are not using the speaker pods, it is not required to use included crossover networks. And to get around the complicated job of custom-mounting speakers somewhere in your Harley, Precision Power provides you with unique woofer grilles for stylish, easy, efficient install.

#### Fits 2014 to present Touring models

- 770207** Fairing speaker kit 2 Ohm, 75 Watt RMS for use with OEM audio system  
**770208** Fairing speaker kit 4 Ohm, 75 Watt RMS for use with aftermarket audio system

#### Fits 1998-2013 Touring models and 2009-2013 Trike models

- 770209** Fairing speaker kit 2 Ohm, 75 Watt RMS for use with OEM audio system

#### PRECISION POWER SPEAKERS

**NEW**

**PrecisionPower**  
 State of the Art Motorcycle Audio

These speakers are manufactured with industrial grade materials optimized for harsh environments. They feature Titanium dome tweeters that resist corrosion, low mass Neodymium magnets for maximum output, integrated 6dB High-Pass crossover to protect tweeters from harmful frequencies. Fairing speakers are direct replacement for the OEM speakers. For saddlebag speakers we offer installation kits with cutting guides, grilles and hardware for your factory lids on hard-shell bags.

#### Round fairing speakers for 2014 to present Touring and Trike models

- 770216** Fairing speakers, 6 1/2" diameter, 2 Ohm/75 Watt RMS for OEM audio systems, pair  
**770217** Fairing speakers, 6 1/2" diameter, 4 Ohm/75 Watt RMS for aftermarket audio systems, pair

#### Round fairing speakers for 1998-2013 Touring and 2009-2013 Trike models

- 770218** Fairing speakers, 5 1/4" diameter, 2 Ohm/75 Watt RMS for OEM audio systems, pair  
**770219** Fairing speakers, 5 1/4" diameter, 4 Ohm/75 Watt RMS for aftermarket audio systems, pair

#### Oval speakers for custom installation in saddlebag lids on 1998 to present Touring

**Order speakers and installation kit separately**

- 770214** Saddlebag speakers 6"x9", 2 Ohm/100 Watt RMS for OEM audio systems, pair  
**770215** Saddlebag speakers 6"x9", 4 Ohm/100 Watt RMS for aftermarket audio systems, pair

- 770224** Saddlebag speaker installation kit for 2014 to present Touring

- 770225** Saddlebag speaker installation kit for 1998-2013 Touring

#### Universal oval speakers, 2" depth

- 770220** Universal oval speakers 5"x7", 2 Ohm/100 Watt RMS for OEM audio systems, pair

#### PRECISION POWER ATOM MINI AMPLIFIER

**PrecisionPower**  
 State of the Art Motorcycle Audio

Precision Power's Atom Mini amplifier gives Class-D performance, reliability, and a compact footprint that fits inside your motorcycle's fairing. Amplifier measures 9.25" (23.5cm) long, 5.375" (13.7cm) wide and 1.875" (4.8cm) high. At first glance, you'll notice several key improvements. All pre-amp & crossover options are conveniently located on one side of this amplifier, while quick-disconnect connection plugs for power and speaker outputs are on the other. You might not notice additions to the circuit board, including improved internal power supply & output stage components. We know you want it loud...

- 770235** Atom Mini amplifier, RMS Power @ 4Ω 100W x 4, RMS Power @ 2Ω 150W x 4

#### Fairing installation kits with brackets and wiring

- 770236** Fits 2014 to present Touring and Trike models  
**770237** Fits 1998-2013 Touring models and 2009-2013 Trike models

## AQUATIC WATERPROOF LIGHTED AUDIO

AQUATIC AV<sup>®</sup>  
products with a watertight reputation

These IP44 waterproof speakers offer impressive sound power and the ability to customize both the light colors and light modes of the illumination. The included 4-channel amplifier offers 600 watts of power for anyone looking for outstanding audio quality and volume. Fairing speakers are 2x 150W Total Power and 2x 75W RMS, saddlebag speakers are 2x 150W Total Power and 2x 100W RMS. Color customization and light mode options are controlled with the free Aquatic AV app. Complete kits include everything needed for the installation including speaker and amp harnesses and an amp bracket. Note that the factory radio on 2014 to present models requires flashing to reconfigure the maximum performance of additional audio devices.

### Complete lighted front & rear speaker kits with 4-channel 600 Watt amplifier, RGB illumination and RGB controller

- 747980** Fits 2014 to present Harley-Davidson Batwing fairing and hard bags
- 747981** Fits 2015 to present Road Glide
- 747982** Fits 1998-2013 Harley-Davidson Batwing fairing and hard bags
- 747983** Fits 1998-2013 Road Glide

### Saddlebag kits with speakers, grills, cutout template, mounting plate, speaker wires and mounting hardware

- 747984** Fits 1997-2013 Harley-Davidson hard bags
- 747985** Fits 2014 to present Harley-Davidson hard bags

### Individual components

- 747978** IP44 waterproof lighted 6 1/2" round fairing speaker set for 1998 to present Batwing & Road Glide fairings
- 747979** IP44 waterproof lighted 6" x 9" saddlebag speakers only
- 747986** IP44 waterproof RGB controller unit

NEW

## FUEL FRIEND FUEL CANISTERS

### FuelFriend<sup>®</sup>

Don't let yourself get stranded on the side of the road with an empty fuel tank! These handy fuel canisters fit easily into a saddlebag, and the smallest one will even fit a toolroll or toolbox. The 1 and 1.5 Liter versions can also be strapped against a frame or sissybar. Can also be used to store some extra oil in. UN approved for all types of fuel and oil. A lockable outlet for use with the 1, 1.5 and 2 Liter canisters is separately available.

- 757620** Red 0.5 Liter canister
- 757621** Red 1 Liter canister
- 757619** NEW Red 1.5 Liter canister
- 757622** Black 2 Liter canister
- 757623** Optional lockable outlet for 1, 1.5 and 2 Liter canisters

## MCJ ADJUSTABLE 2-INTO-1 EXHAUST FOR RH975 NIGHTSTER

E-approved exhaust system with an adjustable exhaust valve that allows you to tune the sound of your bike the way you like it, but still get back to what is legal. These exhausts come complete with a manual operated adjusting lever that can be placed on either the handlebar or below the tank. Electric operated adjusting motors are available as an option.

- 749846** MCJ 2-into-1 exhaust for RH975 & RH975S Nightster 2022 to present, chrome
- 749845** MCJ 2-into-1 exhaust for RH975 & RH975S Nightster 2022 to present, black

### Accessories

- 710748** Optional adjusting motor with remote control
- 710749** Optional adjusting motor with handlebar switch for open/close/automatic

## UNION 2-INTO-1 FOR INDIAN POWER PLUS & THUNDERSTROKE

### FEATURES & BENEFITS

- Hot Rod styling & sound
- Exhaust for Bagger models is designed to fit with the stock side covers in front of the saddle bags, so please check clearance if any aftermarket covers are installed
- Lower "hard bag" saddlebag support brackets available separately
- Anti-reversion, full range torque and optimal horsepower
- Mufflers have removable baffles, Quiet baffles available
- Full length 2 1/2" outside diameter 220° wrap around blue-proof heat shields
- Complete with mounting hardware and brackets
- Includes M18-1.25 O2 sensor bungs
- Chieftain models: Classic, Dark Horse, Elite, Limited, Premium & Standard
- Roadmaster models: Classic, Dark Horse, Elite, Premium & Standard
- Springfield models: Dark Horse, Limited & Standard
- Challenger models: Base, Dark Horse, Limited & Standard
- For those who prefer a balanced look on Bagger models there is a Non-functional left side "Ghost muffler" available separately

### Fits 2014-2021 Indian Chief

- IIN00152** All chrome 2 into 1, Straight Cut end cap
- IIN00147** **NEW** All chrome 2 into 1, Slash Cut end cap
- IIN00153** Chrome 2 into 1, black sculpted Straight Cut end cap
- IIN00148** **NEW** Chrome 2 into 1, black sculpted Slash Cut end cap
- IIN00154** Black 2 into 1, sculpted Straight Cut end cap
- IIN00149** **NEW** Black 2 into 1, sculpted Slash Cut end cap
- IIN00156** All black 2 into 1, Straight Cut end cap
- IIN00151** **NEW** All black 2 into 1, Slash Cut end cap
- IIN00155** Black 2 into 1, chrome Straight Cut end cap
- IIN00150** **NEW** Black 2 into 1, chrome Slash Cut end cap
- 783236** Optional Quiet Baffle

### Left side "Ghost Muffler", fits 2014-2021 present Chief

- IIN00132** All chrome Straight Cut end cap
- IIN00133** Chrome with Sculpted Straight Cut end cap
- IIN00134** Black with sculpted Straight Cut end cap
- IIN00136** All black with Straight Cut end cap
- IIN00135** Black with chrome Straight Cut endcap

### Fits 2014-2021 Chieftain and 2014 to present Roadmaster & Springfield

- IIN00162** All chrome 2 into 1, Straight Cut end cap
- IIN00157** All chrome 2 into 1, Slash Cut end cap
- IIN00163** Chrome 2 into 1, black sculpted Straight Cut end cap
- IIN00158** Chrome 2 into 1, black sculpted Slash Cut end cap
- IIN00164** Black 2 into 1, sculpted Straight Cut end cap
- IIN00159** Black 2 into 1, sculpted Slash Cut end cap
- IIN00166** All black 2 into 1, Straight Cut end cap
- IIN00161** All black 2 into 1, Slash Cut end cap
- IIN00165** Black 2 into 1, chrome Straight Cut end cap
- IIN00160** Black 2 into 1, chrome Slash Cut end cap

### Fits 2020 to present Indian Challenger

- IIN00263** All chrome 2 into 1, Straight Cut end cap
- IIN00258** All chrome 2 into 1, Slash Cut end cap
- IIN00264** Chrome 2 into 1 with black sculpted Straight Cut end cap
- IIN00259** Chrome 2 into 1 with black sculpted Slash Cut end cap
- IIN00265** Black 2 into 1 with sculpted Straight Cut end cap
- IIN00260** Black 2 into 1 with sculpted Slash Cut end cap
- IIN00267** All black 2 into 1 with Straight Cut end cap
- IIN00262** All black 2 into 1 with Slash Cut end cap
- IIN00266** Black 2 into 1 with chrome Straight Cut endcap
- IIN00261** Black 2 into 1 with chrome Slash Cut endcap

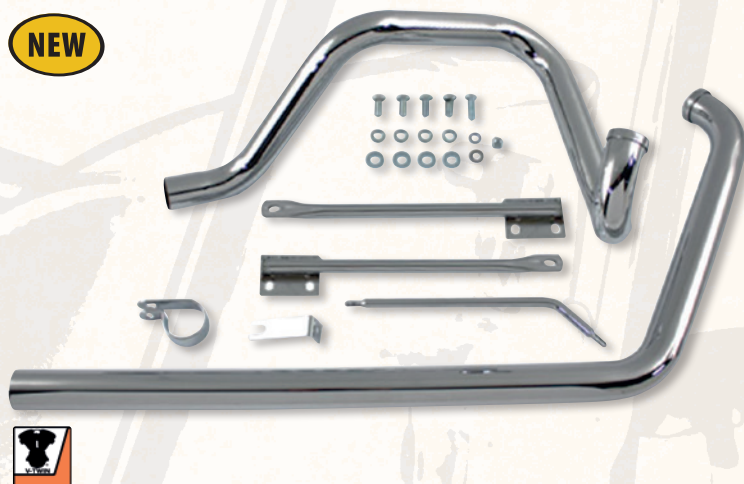

### Left side "Ghost Muffler", fits 2014-2021 Chieftain and 2020 to present Challenger

- IIN00137** All chrome Straight Cut end cap
- IIN00142** All chrome Slash Cut end cap
- IIN00138** Chrome with black sculpted Straight Cut end cap
- IIN00143** Chrome with black sculpted Slash Cut end cap
- IIN00139** Black with sculpted Straight Cut end cap
- IIN00144** Black with sculpted Slash Cut end cap
- IIN00141** All black with Straight Cut end cap
- IIN00146** All black with Slash Cut end cap
- IIN00140** Black with chrome Straight Cut endcap
- IIN00145** Black with chrome Slash Cut endcap

### Accessories

- 783233** Optional black saddlebag support bracket kit, 2014 to present Chieftain, Roadmaster & Springfield
- 783231** Optional black saddlebag support bracket kit, 2020 to present Challenger

## TRUE DUAL HEADERS FOR SOFTAIL

Set of two individual 1 3/4" (44.5mm) diameter header pipes. The front pipe exits to the right and the rear pipe is a cross-over to the left. Mufflers must be ordered separately.

- 724370** Chrome true dual header set, fits 1995-1999 Evolution Softail
- 724371** Chrome true dual header set, fits 2000-2006 Twin Cam Softail

## TOMMY & SONS EXHAUST EXTENSION KIT FOR TOURING

A complete and easy to install kit that allows to move the mufflers up to 5 1/2" (14cm) further to the rear. Kit includes header extensions and adjustable brackets. Works with OEM mufflers as well as with aftermarket slip-ons.

- 761195** Exhaust extension kit for 2009-2016 Twin Cam Touring
- 761196** Exhaust extension kit for 2017 to present Milwaukee Eight Touring

## MCJ ADJUSTABLE 2-INTO-2 SYSTEM FOR RH975 NIGHTSTER

E-approved 2-into-2 exhaust system with an adjustable exhaust valve that allows you to tune the sound of your bike the way you like it, but still get back to what is legal. This exhaust comes complete with a manual operated adjusting lever that can be placed on either the handlebar or below the tank. Electric operated adjusting motors are available as an option.

**749859** MCJ 2-into-2 exhaust system for RH975 & RH975S Nightster 2022 to present, chrome

**749858** MCJ 2-into-2 exhaust system for RH975 & RH975S Nightster 2022 to present, black

### Accessories

**710748** Optional adjusting motor with remote control

**710749** Optional adjusting motor with handlebar switch for open/close/automatic

## V-PERFORMANCE SLIP-ON MUFFLERS FOR 2022 TO PRESENT INDIAN CHIEF AND SUPER CHIEF

Designed for performance these E-approved slip-ons have a nice deep sound. The E-approval makes them street legal all over the European community. Slip-ons are easy to install on the stock header pipes and feature built-in catalytic converters and removable dB Killers. Removal of the dB Killers voids the E-approval.

**Fits all 2022 to present Indian Chief and Super Chief models**

**754876** Chrome 90mm diameter slip-on muffler set

**754877** Ceramic Black 90mm diameter slip-on muffler set

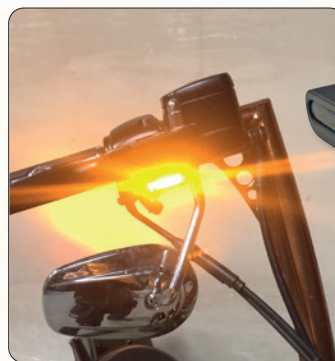

## SKULLED HEADLAMP VISOR ORNAMENT

Chrome headlamp visor ornament for 7" headlight. Must be attached with adhesive, double sided tape or silicone sealant.

**739948** Skulled headlamp visor ornament

## DMP SCANNING LED TURN SIGNALS

These E-approved scanning or sequential led turn signals are built into a machined aluminum housing that is powder coated matt black. They bolt straight onto your handlebar controls.

**739508** Fits front on 2000-2014 Softail, 1999-2017 Dyna & 1996-2003 Sportster, set for left and right

**739509** Fits front on 2015-2021 Softail & 2021 to present Touring models, set for left and right

**739522** Fits front on 2005-2020 Touring models with hydraulic operated clutch, set for left and right

**739510** Fits front on 2004-2013 Sportster models, set for left and right

**739511** Fits front on 2014-2022 XL Sportster, set for left and right

## TOMMY & SONS CROOK SERIES MULTI FUNCTION REAR TURN SIGNALS FOR SOFTAIL

**TOMMY & SONS**

Billet aluminum housings with a black powder coated finish feature E-approved LED lights for brake light, taillight and turn signal functions. Fit on the fender struts on all 1993 to present Softail.

**761193** Softail 3-into-1 rear turn signal set, black

## KELLERMANN BULLET 1000 MULTI-FUNCTION TURN SIGNALS

**Kellermann**

**NEW**

Classic meets High-tech: The Kellermann Bullet 1000's are a great addition to any bike, custom or otherwise. These indicators are EC approved and use 12-Volt LEDs for long life.

>>>

## Front mount turn signal with yellow running lights

- 742075** Chrome with amber lens, each
- 743780** Chrome with clear lens, each
- 742076** Black with amber lens, each
- 743781** Black with clear lens, each
- 742077** Satin chrome with amber lens, each
- 743782** Satin chrome with clear lens, each

## Rear mount with turn/brake/tail light function. Have clear lens with amber light for turn signal function and red LEDs in the perimeter for tail and brake light functions

- 742072** Chrome, each
- 742073** Black, each

## "Extreme" front and rear mount turn signal only. Have a clear lens with amber LEDs in the perimeter. These are so bright that it is still legal to mount them closer to the head- or taillight than any other turn signal

- 742078** Chrome, each
- 742079** Black, each

## Optional adapters to mount Bullet 1000 turn signals on the underside of Harley-Davidson handlebar controls

- 743895** Chrome, each
- 743896** Black, each

## E3 DIAMONDFIRE SPARK PLUGS

The E3 unique ground electrode incorporates the combined benefits of several known performance plug types as well as new science based upon years of spark plug research. The three main performance components that determine how the E3 DiamondFIRE configuration works are:

### • Open Ground Electrode Design

This mimics surface gap spark plugs like the type used in rotary engines which directs the flame kernel to the piston more directly than traditional J-wire designs. This design reduces the travel time from the spark zone to the chamber containing the compressed gases. The opened section at the top of the electrode avoids the creation of the doughnut shaped flame kernel known from standard plugs. Given the short amount of time available to get combustion started,

the faster you can direct the flame to the area above the piston, the better the burn.

### • Forward Projection into Spark Zone

With retracted plug designs, the generated spark lies against the top of the combustion chamber surface. The E3 ground electrode is designed to project farther forward into the combustion chamber. This brings the spark zone closer to areas of probable good air-fuel mixture. The outward projection also creates beneficial "micro-aerodynamics" within the spark zone. Since the initial combustion wave leaves the spark area at supersonic speeds, the elevated edge of the E3 electrode provides somewhat of a chimney effect as the next air-fuel mixture enters the spark zone.

### • Edge-to-Edge Spark Discharge

The strongest part of the E3 electrode design is the forced Edge-to-Edge spark discharge, which was proven to be the best way to direct a spark as it leaves the electrode's surface. Since the spark itself occurs only when an avalanche of electrons migrates from the two electrodes (cathode to anode), sharp edges are better at initiating migrations, and accelerated electrons collide inside the spark zone.

### Fits 1971-1985 Sportster XL, XLCH & XLS 1000

**757641** E3.32 spark plug, each (OEM 31629-78)

### Fits 1983-1985 XR 1000, 1975-1984 Shovelhead, 1984-2000 Evolution Big Twin, Ironhead Sportster and S&S SH Series, S&S P-Series, S&S KN-Series, S&S 3 5/8" bore and S&S 4" bore engines

**757642** E3.34 spark plug, each (OEM 32342-04)

### Fits Buell 1995-2002 Thunderbolt, 1997-2002

**Cyclone M2, 2006-2010 Lightning, 2006-2010**

**Ulysse, 2008-2010 1125R, 1986-2022 Evolution**

**Sportster XL and XR, 1999-2017 Twin Cam, 2002-2017**

**V-Rod, S&S X-Wedge, S&S 4 1/8" bore engines**

**757643** E3.36 spark plug, each (OEM 22794-08)

### Fits 2015-2022 XG500 & XG750 Street, 2017 to present Milwaukee Eight Touring & Trike and 2018 to present Milwaukee Eight Softail

**757644** E3.39 spark plug, each (OEM 31600012)

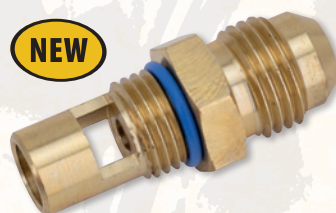

### Fits 2014 to present Indian Chief, Chieftain, Springfield and Roadmaster

**757643** E3.36 spark plug, each (OEM 22794-08)

## PINGEL 6AN FUEL LINE FITTING FOR S&S CARBURETORS

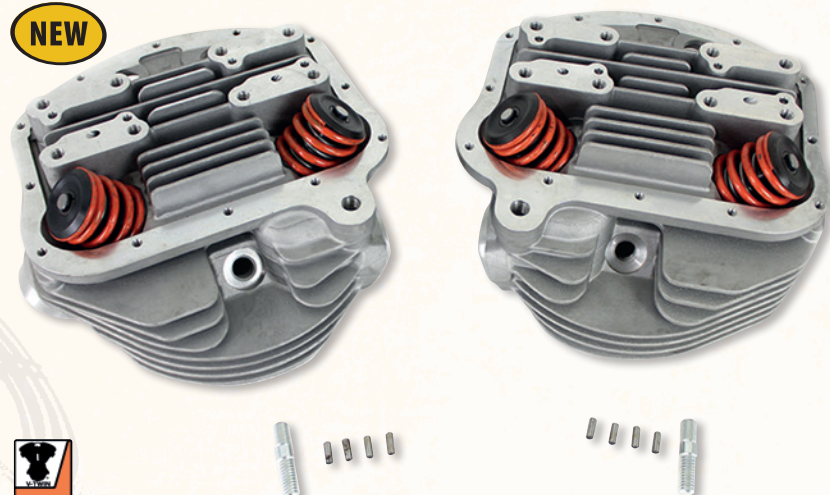

Brass float valve seat for use with 6AN threaded fuel line fitting in S&S Super E and Super G carburetors. Can also be used to connect to 6AN threaded fuel valves.

**730119** Pingel brass 6AN fuel line fitting

## CYLINDER HEADS FOR 1955-1962 PANHEAD BIG TWIN

**NEW**

Original contour castings Panhead cylinder heads are assembled with cast iron guides, valve stem seals, nitrated Panhead exhaust and nitrated Shovelhead intake valves in

combination with a complete spring and collar set. Heads feature O-ring type intake and use long reach 1975-1984 Shovelhead style spark plugs and up to .425" valve lift.

**701915** Set of two cylinder heads for 1955-1962 Panhead

## CYLINDER HEADS FOR SHOVELHEAD

**NEW**

**724373**

**724374**

Replica cylinder heads look like stock but come with valve seats for unleaded fuel, cast iron valve guides, nitrated valves, valve

stem seals and stock style valve spring kit installed. Sold in sets for front and rear. Rocker box studs not included.

**724373** Fits 1966-early 1978 Shovelhead with O-ring style manifold. Use with long reach spark plugs as for 1974-1984 Shovelhead

**724374** Fits late 1978-1984 Shovelhead with band style manifold

## ABS WHEEL SENSORS

**NEW**

Stock replacement wheel sensors come pre-wired and with the wiring connector installed.

**Fits all XG Street 2017-2020**

**739961** Front ABS Sensor (OEM 40680-12)

**739963** Rear ABS Sensor (OEM 41100075)

**Fits all V-Rod 2008-2017**

**739969** Front ABS Sensor (OEM 40648-08)

**739970** Rear ABS Sensor (OEM 40652-08)

**Fits FLD Switchback 2012-2016, FXDB, FXDBB, FXDBC & FXDBP Street Bob 2012-2017, FXDF Fat Bob 2012-2017 and FXDWG Wide Glide 2012-2017**

**739958** Front ABS Sensor (OEM 40682-12)

**739968** Rear ABS Sensor (OEM 41100001)

**Fits FXDB, FXDBA, FXDBB, FXDBC & FXDBP Street Bob 2012-2017, FXDC Super Glide Custom 2012-2017, FXDL & FXDLS Low Rider 2014-2017**

**739960** Front ABS Sensor (OEM 40680-12)

**Fits all FLS, FLSS, FLSTC, FLSTF, FLSTFB, FLSTFBS, FLSTN, FLSTNSE, FLSTSB & FLSTSE Softail 2011-2017**

**739957** Front ABS Sensor (OEM 40982-11)

**739964** Rear ABS Sensor (OEM 40985-11)

**Fits all FXCWC, FXS, FXSB, FXBSE, FXSE & FXST Softail 2011-2017**

**739956** Front ABS Sensor (OEM 40716-11)

**Fits all Softail 2018 to present**

**739954** Front ABS Sensor (OEM 41100080)

**739966** Rear ABS Sensor (OEM 41100076)

**Fits all Touring 2008-2013**

**739959** Front ABS Sensor (OEM 40614-08)

**739965** Rear ABS Sensor (OEM 40615-08)

**Fits all Electra Glide, Road Glide & Tour Glide 2014 to present**

**739955** Front ABS Sensor (OEM 32700015)

**Fits all Road King 2014 to present**

**739962** Front ABS Sensor (OEM 32700017)

**Fits all XL Sportster 2014-2022**

**739967** Rear ABS sensor (OEM 41100023)

**780696** Adjustable 10" riser set, red anodized  
**780860** NEW Adjustable 8" riser set, purple anodized  
**780697** Adjustable 10" riser set, purple anodized

## ADJUSTABLE ANGLED HIGHWAY PEG MOUNTING KITS

These peg mounting kits for use on 1 1/4" (32mm) tubes can be used for shorter riders but when reversed to reach far forward they are great for those with long legs. The angled design allows the arm to reach back and around to clear fairing lowers. Arms can be raised and lowered. Works with all standard male mount footpegs. Sold in pairs.

- 724362** Long angled peg mount kit 5" (12.5cm), chrome (OEM 50829-07A)  
**724363** Short angled peg mount kit 2 1/2" (6.4cm), chrome (OEM 50830-07A)  
**724365** Long angled peg mount kit 5" (12.5cm), black (OEM 50500167)  
**724366** Short angled peg mount kit 2 1/2" (6.4cm), black (OEM 50500168)

## 360 DEGREE ADJUSTABLE HIGHWAY PEG MOUNTING KITS

These 360 degree adjustable highway peg mounts for use on 1 1/4" (32mm) tubes can be locked in almost any position to suit both tall and short riders. Works with all standard male mount footpegs. Sold in pairs.

- 724364** 360 Degree peg mount kit 3" (7.5cm), chrome (OEM 50929-03)  
**724367** 360 Degree peg mount kit 3" (7.5cm), black

## CIRO MINI FLOORBOARDS

These 6 1/2" (16.5cm) long and 4 1/4" (10.8cm) wide mini floorboards feature a versatile rotating mounting that allows installation on stock 1/2" female clevis mounts in stock, 1" (2.5cm) forward and 1" (2.5cm) backward position. The thick rubber padding reduces vibration and increases grip. They can be used to replace stock foot boards or to replace passenger foot pegs.

**Note:** Not intended for use as replacement for driver foot pegs.

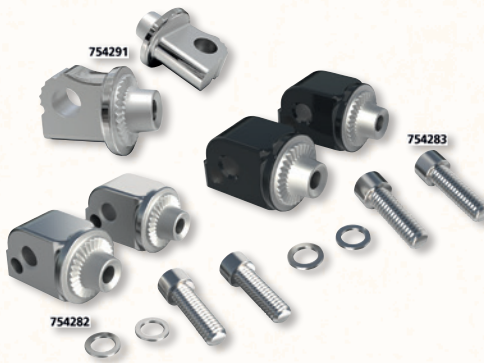

### Mini floorboards with standard male mounts for standard female clevis

- 754260** Two-Rail design mini floorboards, pair, chrome
- 754261** Two-Rail design mini floorboards, pair, black

- 739945** Chrome Eagle fender ornament

## REAR BRAKE MASTER CYLINDER FOR 1992-1994 TOURING

Stock replacement rear brake master cylinder has 3/4" bore and fits all 1992-1994 Touring such as FLHR Road King, FLHS, FLHTC, FLHTCU & FLHTP Electra Glide and FLTC & FLTCU Tour Glide.

- 789633** Rear brake master cylinder (OEM 41755-92A)

## FLOORBOARD TO FOOT PEG CONVERSION BRACKETS FOR MILWAUKEE EIGHT SOFTAIL

These brackets bolt straight onto the stock frame mountings and can be combined with any style of 2018 to present Softail driver foot pegs and shifter pegs. Kits include left and right brackets and hardware. Foot pegs and shifter peg must be ordered separately.

### Fits all 2018 to present Milwaukee Eight Softail

- 056115** Board to peg conversion bracket kit, chrome (OEM 50500693)
- 056116** Board to peg conversion bracket kit, black (OEM 50501640)

## FLYING EAGLE FENDER ORNAMENT

Eagle fender ornament is 2 1/4" (5.7cm) high and has a 4 7/8" (12.4cm) wing span. Features a bronze finish and mounts to any flat or curved surface with the included stud.

- 739946** Flying Eagle ornament, bronze

## ALUMINUM STEERING DAMPERS BY HYPERPRO

**NEW**

More and more Harley riders like to improve the performance of their motorcycle and ride them at higher speeds. But Harley-Davidson's are not build for high speed use. They want to break out in long, fast corners and start "Tail Snaking" when driving at high speed. Usually this is caused by instability of the steering. The use of the Hyperpro steering damper will drastically improve the stability and handling of your motorcycle. Highly recommended for all High Performance motorcycles and mandatory for racing. Hyperpro steering dampers are proudly made in the Netherlands and feature 22-step adjustable linear damping. Steering dampers and brackets are sold separately. Ready to install mounting bracket kits are available for a limited number of models. For other applications it is strongly advised to have the steering damper installed by a qualified mechanic using the individual frame-fork- and damper tube clamps. A 140mm stroke steering damper works in most custom fitments.

### Steering dampers with 120mm stroke

**239486** Steering damper, Hyperpro purple with golden eyes and knobs

**239487** Steering damper, black with golden eyes and knobs

**748565** Steering damper, black with black eyes and knobs

**758593** Fits all 2007 to present Touring and 2018 to present Softail, USA Made (OEM 50245-07)

## BITUBO EXTRA LONG WMM SERIES PERFORMANCE REMOTE RESERVOIR SHOCKS

**bitubo**  
RACE SUSPENSION

The most competitive shocks for Performance Baggers in the market. They are easily adjustable with an exposed remote reservoir featuring a 12-click compression knob, 5-position rebound adjustment lever and fine thread preload nut to help setup the ride for maximum performance. These extra long shocks for 2014 to present Touring models increase the ride height drastically but note that the wheel axle nut will sit lower and will contact stock length exhausts. Install with aftermarket exhausts that end before the axle nut.

**758182** Bitubo WMM series 14" (356mm) shocks

## DOMINATOR CRASH BARS

**DOMINATOR**  
MOTORCYCLES

Made in the Netherlands from mild steel tubing and laser-cut brackets, TIG welded and durable gloss black powder coated. Feature replaceable Delrin slider ends and come with the required mounting hardware.

**770104** **NEW** Front crash bar, 70cm wide, fits 1982-2000 FXR with mid controls

**770100** Front crash bar, 70cm wide, fits 1991-2005 Dyna with mid controls

**770101** Front crash bar, 70cm wide, fits 2006-2017 Dyna with mid controls

**770102** Front crash bar, 81cm wide, fits 2018 to present Softail with mid controls

**770103** Front crash bar, 81cm wide, fits 2018 to present Softail with forward controls

**770105** **NEW** Rear crash bar, fits 2018 to present FXBB & FXBBS Street Bob, FXFB & FXFBS Fat Bob and FXLR, FXLR & FXLRST Low Rider

## BURLY BRAWLER BAR KITS

**BURLY BRAND**  
MOTORCYCLE ACCESSORIES

Burly designed these sleek and stylish crash bars for newcomers and veterans alike. The bars feature replaceable Delrin sliders for a quality look that protects the bike if there's ever a time the bike goes down. Bars have 7 Gauge mild steel gussets, are TIG welded for durability and have a black powder coat finish.

**Fits 2004-2022 XL and XR Sportster with mid-mount controls. ABS equipped models may require re-routing of the brake lines**

**763600** Front Brawler bars for Sportster Front Brawler bars with upper shock mount rear sliders for Sportster

**Fits 2006-2017 Dyna with mid-mount controls**

**763599** Front Brawler bars with upper shock mount rear sliders for Dyna

## 1960-1984 WINDSHIELD POUCH

**NEW**

Replicas from the OEM Accessory windshield pouch for 1960-1984 4-speed FL. Can be used with almost any other windshield. Pouch is 9 1/2"x5"x3" (24.1x12.7x7.6 cm).

**724339** White pouch with gold trim (OEM 58275-63)

**724340** White pouch with silver trim (OEM 58275-63)

## K&N WRENCH-OFF OIL FILTERS FOR INDIAN

K&N powersports oil filters are produced using the most profound quality assurance controlled manufacturing methods, assuring that every K&N oil filter is equal to or will exceed all OEM specifications. These filters contain a modern synthetic filter media, designed for ultimate flow with less pressure drop, yet engineered for outstanding filtration. High filter flow rates are important in racing vehicles where heavier grade oil is used and the oil is pumped much faster than in a standard vehicle. When the engine is circulating oil at high RPM rates, the high-flow oil filter helps reduce the loss of pressure through the filtering process. K&N oil filters are also ideal for high-end synthetic motor oil. Synthetic motor oil is said to offer improved flow performance at cold temperatures while providing superior protection against thermal degradation. K&N powersports 'spin-on' oil filters feature a heavy-duty metal can and a 17mm nut affixed onto the end that allows for easy installation and removal. The 17mm nut is cross-drilled so racers can safety wire the filter to their bike.

- 733868** Fits all 2014 to present Indian with 108CI, 111CI, 116CI PowerPlus or ThunderStroke engine (OEM 2521421)  
**733869** Fits all 2015 to present Indian Scout and 2017 Victory Octane, black (OEM 2520799)

## AIR DEFLECTORS FOR BATWING FAIRINGS

Deflectors fit exactly in the outside curve below the speakers of Batwing fairings to reduce the draft behind the fairing. Installation requires six of #10-24x3/4" screws like ZPN 762611.

- 724353** Smoke air deflector kit, fits Batwing fairing on 1996-2013 Electra Glide, 2006-2013 Street Glide and 2009-2013 Tri Glide (OEM 57740-05)  
**724354** Dark smoke adjustable air deflector kit, fits Batwing fairing on 2014 to present Electra Glide, Street Glide and Tri Glide (OEM 5700529)

## 1996-2013 BATWING OUTER FAIRING SKIRT

Chrome version of the stock outer fairing skirt that sits below the headlight. Fits Batwing fairings on 1996-2013 Electra Glide, 2006-2013 Street Glide and 2009-2013 Tri Glide.

- 724355** Chrome outer fairing skirt (OEM 58208-96A)

## 2014-UP BATWING OUTER FAIRING SKIRT

Stock replacement in your choice of chrome or black.

- Fits Batwing fairing on 2014 to present Electra Glide, Street Glide and Ultra Limited**  
**724356** Chrome (OEM 57000017)  
**724357** Black (OEM 57100227)

## 1987-2013 TOUR PAK HINGE KIT

Set of two upper hinges (OEM 53447-87), two lower hinges (OEM 53426-87), two screws (OEM 3595), two hinge pins (OEM 8500), eight backing plates (OEM 90688-85 and 90964-63) and twelve rivets (OEM 90965-63). Fits 1987-2013 Tour Pak top cases.

- 724344** Tour Pak hinge kit 1987-2013

## TOMMY & SONS FIBERGLASS SADDLEBAG BODIES FOR TOURING

### TOMMY & SONS

These fiberglass saddlebag bodies are made in precision build molds by Tommy & Sons. They are a perfect replacement for the stock hard shell luggage and are 4" (10 cm) longer at the underside to provide that great stretched look. They are to be used with the stock or the Tommy & Sons lids. Hinges, lids and latches are not included. Bags have a white gel coat finish, ready for your painter's preparation but make sure to check and test fit prior to painting, Zodiac will not be responsible for any damage sustained to paint jobs.

#### Fits 1993-2013 models

- 761188** **NEW** Standard stretched saddlebag bodies, pair  
**761113** Contoured stretched saddlebag bodies, pair

#### Fits 2014 to present models

- 761189** **NEW** Standard stretched saddlebag bodies, pair  
**761111** Bolt-on rear fender  
**761109** Celtic style rear fender cover

## TOUR-PAK LID LOCK

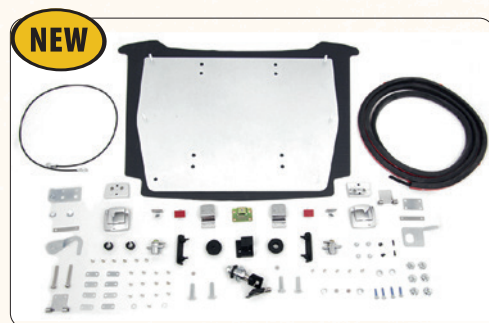

Perfect reproductions of the OEM lid lock as found on the 1997-2013 Tour-Pak. Includes lock (OEM 53848-00), washer (OEM 53641-02), guide (OEM 53617-85) nuts (OEM 7586 & 84850-92), cam hook (OEM 90688-92) and lock washer (OEM 7128).

- 370967** Tour-Pak lid lock, Genuine Zodiac, each (OEM 53194-07)  
**724347** **NEW** Tour-Pak lid lock, V-Twin Mfg., each (OEM 53194-07)

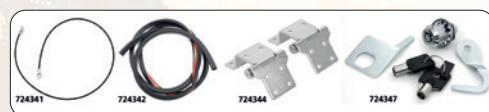

## TOUR-PAK HARDWARE KIT AND SERVICE PARTS

Complete kit with latches, hinges, rubbers and the required hardware to install them. Kit includes locks for the Tour-Pak lid but also the locks for the left and right saddlebags so you can open all bags with just one key.

**724343** Tour-Pak hardware kit, 2006-2013 style

### Individual parts

**724341** Tether cable 1991-2013 (OEM 53564-97)

**724342** Lid gasket 2006 to present (OEM 53415-06)

**724344** Tour Pak hinge kit 1987-2013

**724347** Tour-Pak lid lock, V-Twin Mfg., each (OEM 53194-07)

## 1988-2013 DELUXE TOUR-PAK HINGE KIT

**NEW**

DeLuxe Tour-Pak hinges replace the stock sheet metal hinges and have exactly the same styling as the OEM Tour-Pak latches. Installation requires drilling out of the stock hinge rivets. Kit includes two hinges and the necessary hardware. Fits 1988-2013 Tour-Pak top cases.

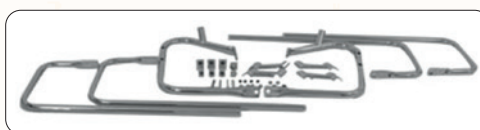

**724345** DeLuxe 1988-2013 Tour-Pak hinge kit, chrome (OEM 79211-08A)

**724346** DeLuxe 1988-2013 Tour-Pak hinge kit, black (OEM 53000131)

## SADDLEBAG GUARDS

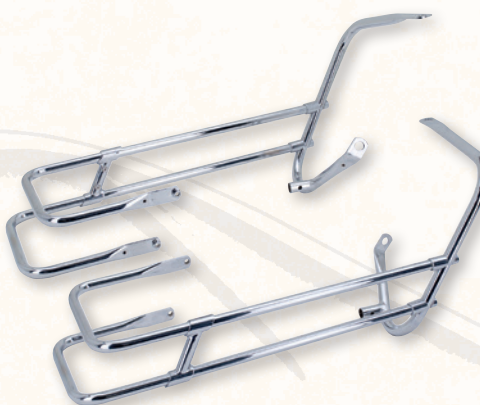

Saddlebag guard kits contain bars as described, as well as the necessary hardware and mounting instructions.

**Fits 1997-2008 Electra Glide and 1998-2003 Road Glide**

**724348** Set with left and right horizontal side bars and leading edge guards, chrome (OEM 91216-97)

**Fits 2009-2013 Road King and Electra Glide**

**724349** Set with left and right horizontal side bars and leading edge guards, chrome (OEM 90892-09)

**724350** Set with left and right horizontal side bars and leading edge guards, black

**Fits 2014 to present Touring with leading edge saddlebag guards OEM 90200787 (chrome) or OEM 90200788 (black)**

**724351** Set with left and right horizontal bars, chrome (OEM 90200561)

**724372** Set with left and right horizontal bars, black (OEM 90201902)

## REAR FRAME GUARD FOR TWIN CAM SOFTAIL

**NEW**

The latest addition to our wide selection of guard bars as found on page 18-062 and 18-063 of the 2023 Zodiac Bikers Book. Guards may provide limited leg and cosmetic vehicle protection under circumstances like a fall over while stopped or a very low speed slide. They are not made nor intended to provide protection from bodily injury in a collision with a vehicle, animal or any other object.

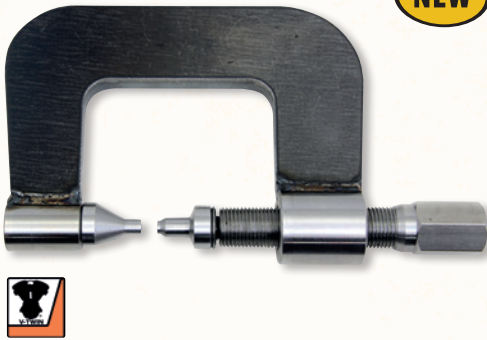

**Fits rear on 2000-2017 FLST & FLSTC and 2000-2005 FXST, FXSTB and FXSTS 7/8" (22mm) tubing (OEM 49261-00A)**

**FLSTC models with stock saddlebags require saddlebag relocation kit OEM 90238-00**

**724368** Chrome, does not include bolts and nuts, V-Twin Mfg.

## SADDLEBAG LATCH & HINGE RIVET TOOL

This tool is designed to install rivets for the latches and hinges on 1969-1992 style saddlebag or Tour Pak through 2013. Please note that using this tool requires a helper to hold the tool while the rivet is being compressed.

**724352** Latch & hinge rivet tool

## AIROLUBE HYGIENICS

## airolube

Airlube is good for the environment but germs and viruses are not what you want. These products are made of 70% plant-based alcohol. Hand Gel also contains ingredients to keep your skin in good condition. Like all other Airlube products, these are biodegradable. The packaging is also completely recyclable.

- 791043** Airlube Hand Gel, 100ml squeeze bottle
- 791044** Airlube Hand Gel, 500ml squeeze bottle
- 791046** Airlube Hand Spray, 100ml hand spray bottle
- 791045** Airlube hygienic surface cleaning spray, 1 liter hand spray can

## AIROLUBE FOAM AIR FILTER CLEANER

## airolube

Air Foam Air Filter Cleaner is a plant-based formula. The natural formula is ready to use and effortlessly deals with dirt, such as dust, oil and grease. In addition, the product does not affect the glue used in foam air filters. The product is completely biodegradable. Due to its unique composition, it is completely safe to use and free of any form of hazard labels. The packaging is also 100% recyclable.

- 791042** Airlube Foam Air Filter Cleaner, 1 liter bottle

## TWIN CAM & MILWAUKEE EIGHT PISTON JET TEST STAND

Do not let malfunctioning piston jets cause engines to sump or overheat, test them before you install them. Located deep inside the engine cases it is hard to verify whether these piston jets are functioning properly. Not any longer as this Jims piston jet test stand allows engine builders to test them for proper operation before installing them. The unit operates on both compressed air, and air over oil. When operating with air only, verification of proper flow through the piston jet can be witnessed. In the air over oil mode you can not only check for proper operation, but also physically see the oil spray pattern emanating from the jet. By adjusting the air regulator on the unit, mechanics are able to determine at what pressure the piston jet turns on and off. An additional benefit of the piston jet test stand is the ability to clear assembly lube from the jet's narrow oil passage.

- 753676** Jims piston jet stand

## AIROLUBE ANTI-ODOR GEAR REFRESHER

## airolube

Airlube Anti Odor Gear Refresher is a probiotic, plant-based formula has been specially developed for all types of sports equipment that are difficult to keep clean and fresh, for example most motorcycle clothing as these are not suitable for the washing machine. The natural odor remover eliminates bad odors and leaves a subtle lavender scent. For example, the formula is suitable for gloves, shoes, body protectors, the lining of leather jackets and helmets. Like all other Airlube products, the Anti Odor Gear Refresher is biodegradable. The packaging is also completely recyclable.

- 791041** Airlube Anti-Odor Gear Refresher, 200ml squeeze bottle

## AIROLUBE BUMPER & PLASTIC CONDITIONER

## airolube

Airlube Bumper & Plastic Conditioner is a plant-based formula for upgrading weathered plastic surfaces. The unique wax formula is particularly effective against dullness and desiccation of the plastic. Airlube Bumper & Plastic Conditioner feeds the plastic deep into the fibers so that the plastic regains its showroom look. Bumper & Plastic Conditioner, like other Airlube products, is biodegradable. The packaging is also fully recyclable.

- 791032** Airlube Speedwax, 100ml squeeze bottle
- 791033** Airlube Speedwax, 500ml squeeze bottle

## AIROLUBE LEATHER & FABRIC CLEANERS AND PROTECTORS

### **airolube**

Airolube is a plant-based formula for cleaning vehicle leather and fabric upholstery. But Leather and Fabric Cleaner is also the right solution for stains in tent cloths or panniers. The natural formula of the Leather & Fabric Cleaner easily removes common stains from upholstery. Dirt, grease, liquid, they no longer get a chance to remain as a stain. As soon as the leather or fabric is dry it is strongly recommended to finish the job with Leather or Fabric Protect respectively. The unique formula of these products gives the adhesion of dirt and moisture no chance. At the same time, they ensure that the material can continue to breathe and thus retain their flexibility and quality. Like all other Airolube products these products are biodegradable. The packaging is also completely recyclable.

- 791034** Airolube Leather & Fabric Cleaner, 500ml hand spray can
- 791035** Airolube Leather Protect, 200ml squeeze bottle
- 791036** Airolube Leather Protect, 500ml hand spray can
- 791037** Airolube Fabric Protect, 200ml squeeze bottle
- 791038** Airolube Fabric Protect, 500ml hand spray can

## AIROLUBE SPEEDWAX

### **airolube**

Airolube Speedwax is a wax emulsion for the protection and finishing of paintwork for motorcycles and other vehicles. The natural formula leaves a water-repellent and dirt-resistant wax layer on the paint. As a result, the paint is optimally protected against external influences. Airolube Speedwax is a plant-based formula that is completely biodegradable. The unique composition is safe to use and free of any form of hazard labels. All Airolube packaging is also fully recyclable.

- 791019** Airolube Speedwax, 200ml squeeze bottle
- 791020** Airolube Speedwax, 500ml hand spray bottle
- 791021** Airolube Speedwax, 1 liter hand spray bottle

## AIROLUBE GLASS CLEANER

### **airolube**

Airolube Glass Cleaner is designed for use on car windows but also works great on polycarbonate windshields. Spray window or windshield with Glass Cleaner. Then polish it with a clean dry cotton cloth. Like all other Airolube products, the Glass Cleaner is biodegradable. The packaging is also completely recyclable.

- 791040** Airolube Glass Cleaner, 500ml hand spray can

## AIROLUBE UNIVERSAL CLEANER

### **airolube**

Airolube Universal Cleaner is a multi-purpose cleaner for bikes, cars, agricultural vehicles and more! The plant-based formula is designed to easily remove light and stubborn soiling without damaging the paint or other parts. Get the best out of this cleaner by letting the formula soak for a few minutes on the soiled parts, then clean with brush or sponge and rinse with water. Like all other Airolube products, the Universal Cleaner is biodegradable. The packaging is also completely recyclable.

- 791016** Airolube Universal Cleaner, 200ml squeeze bottle
- 791017** Airolube Universal Cleaner, 500ml hand spray can
- 791018** Airolube Universal Cleaner, 1 liter hand spray can

## AIROLUBE WASH AND PROTECT

### **airolube**

Airolube Wash + Protect is a plant-based formula for cleaning and sealing coatings and metal parts. This unique natural 2-in-1 formula saves you time. This shampoo cleans and protects in just one action. Moreover, Airolube Wash + Protect ensures a brilliant and shiny result with water running directly off the surface. Like all other Airolube products, the Wash + Protect is biodegradable. The packaging is also completely recyclable.

- 791030** Airolube Wash + Protect, 500ml bottle
- 791031** Airolube Wash + Protect, 1 liter bottle

## AIROLUBE SUPER WASH

### **airolube**

Clean your motorbike or car with the Airolube Super Wash. This plant-based shampoo is specially developed for cleaning the finest paintwork. The natural formula effortlessly deals with grease and dirt and ensures spotless results. Like all other Airolube products, the Super Wash is biodegradable. The packaging is also completely recyclable.

- 791026** Airolube Super Wash, 500ml bottle
- 791027** Airolube Super Wash, 1 liter bottle

## AIROLUBE DEGREASERS

**airolube**

These powerful degreasers are ruthless against dirt, yet safe and effective to use on metal, carbon and plastic parts. The degreasers dissolve oil, grease and other dirt and ensures that the metal parts do not dry out and corrode after they have been degreased. The Heavy Duty Degreaser is by far the strongest but be very careful as it may damage paintwork. Do you want to get the most out of the degreaser? Then rinse the degreased parts with water. What remains are clean parts! Like all other Airlube products, the Airlube degreasers are biodegradable. The packaging is also completely recyclable.

- 791002** Airlube Super Degreaser, 200ml squeeze bottle
- 791003** Airlube Super Degreaser, 500ml hand spray can
- 791004** Airlube Super Degreaser, 1 liter hand spray can
- 791005** Airlube Heavy Duty Degreaser, 500ml hand spray can
- 791006** Airlube Heavy Duty Degreaser, 1 liter hand spray can

## AIROLUBE RIM CLEANER

**airolube**

Airlube Rim Cleaner is formulated to remove dirt and brake dust from wheels. Spray the rim with the Rim Cleaner, then polish with a damp cloth or sponge. Rinse the rim with water, job done. Like all other Airlube products, the Rim Cleaner is biodegradable. The packaging is also completely recyclable.

- 791022** Airlube Rim Cleaner, 500ml hand spray can
- 791023** Airlube Rim Cleaner, 1 liter hand spray can

## AIROLUBE INSECT REMOVER

**airolube**

Airlube Insect Remover beats dead mosquitos. This plant-based formula is specially designed for removing insect residues on lacquers and glass. The insect cleaner soaks into the insect residue and loosens it from the surface. Airlube Insect Remover is an essential step in cleaning your bike and is suitable for both treated and untreated paintwork. Like all other Airlube products, the Insect Remover is biodegradable. The packaging is also completely recyclable.

- 791039** Airlube Insect Remover, 500ml hand spray can

## AIROLUBE SPONGES & BRUSHES

**airolube**

Good quality sponges and brushes are a great aid when cleaning and reduce the quantity of cleaning product you need.

- 791047** Airlube Soft brush
- 791048** Airlube chain brush
- 791049** Airlube Sponge

**airolube**

## AIROLUBE EXTREME FOAM CLEANER

**airolube**

This plant-based pre-wash formula is designed for cleaning lacquers. The natural formula is easy to dose into the foam reservoir of any foam gun. The salt-free solution coats the surface with an extreme foam layer. This layer loosens stubborn and dried-in dirt and ensures that it can be removed easily and scratch-free afterwards. Like all other Airlube products, the Extreme Foam Cleaner is biodegradable. The packaging is also completely recyclable.

- 791028** Airlube Extreme Foam Cleaner, 500ml squeeze bottle
- 791029** Airlube Extreme Foam Cleaner, 1 liter squeeze bottle

## AIROLUBE TYRE CONDITIONER

**airolube**

Get that Fresh Rubber Look with the Airlube Tyre Conditioner. This natural tire shine is dirt- and water-resistant and protects the rubber from drying out. Apply the tire gloss to dry tires and watch them regain their factory-new shine in no time. Like all other Airlube products, the Tyre Conditioner is biodegradable. The packaging is also completely recyclable.

- 791024** Airlube Tyre Conditioner, 100ml squeeze bottle
- 791025** Airlube Tyre Conditioner, 500ml bottle

## AIROLUBE CARBON ASSEMBLY PASTE

**airolube**

Airolube Carbon Assembly Paste helps to assemble carbon and aluminum parts. The granular structure of the Carbon Assembly Paste ensures that the parts need to be tightened less and still remain in the right place. This prevents damage to the carbon and makes squeaking, creaking and grinding a thing of the past. The Airolube Carbon Assembly Paste is developed on the basis of vegetable fats. The Paste offers high protection against moisture and corrosion. Like all other Airolube products, the Carbon Assembly Paste is completely biodegradable, the packaging is 100% recyclable. As a result, the Carbon Assembly Paste not only protects the parts, but also protects the environment.

**791011** Airolube Carbon Assembly paste, 50ml can

**791012** Airolube Carbon Assembly paste, 500ml can

## AIROLUBE BEARING GREASE

**airolube**

Airolube Bearing Grease is a plant-based grease developed for parts exposed to enormous forces. Think of bearings and shafts. This resin-free grease prevents moisture and dirt from penetrating the parts and prevents rusting and sealing of parts. Moreover, this grease has a very low coefficient of friction and protects parts against corrosion. The grease is suitable for all weather conditions and maintains excellent performance in a temperature range between -20°C and 70°C. Like all other Airolube products, the Bearing Grease is completely biodegradable, the packaging is 100% recyclable.

**791009** Airolube Bearing Grease, 50ml can

**791010** Airolube Bearing Grease paste, 500ml can

## AIROLUBE COPPER PASTE

**airolube**

Airolube Copper Paste is a multifunctional ceramic paste that can be used in the assembly of parts from small bicycle parts to heavy industrial constructions. The Airolube Copper Paste works effectively in a temperature range of -20°C to 900°C. The Airolube Copper Paste is plant-based and ensures that threaded connections continue to run smoothly, bolts and nuts are protected against corrosion and are therefore easier to assemble and disassemble. The use of Airolube Copper Paste prevents cold welding of bolt/nut connections under high pressure. The assembly paste has a water-repellent effect, reduces wear on parts and prevents squeaking and creaking of parts under pressure. The Copper Paste is biodegradable and the packaging is completely recyclable. As a result, this mounting paste also reduces wear and tear on our environment.

**791013** Airolube Copper Paste, 50ml can

**791014** Airolube Copper Paste, 500ml can

## AIROLUBE UNIVERSAL ASSEMBLY PASTE

**airolube**

Airolube Universal Assembly Paste is a multi-purpose ceramic paste for assembling large and small parts. This paste keeps threaded connections running smoothly and protects bolts and nuts from corrosion. Also, using Airolube Universal Assembly Paste prevents cold welding of bolt-nut connections under high pressure. The assembly paste acts as a water repellent, reduces wear on parts, prevents squeaking and creaking of parts under pressure and works effectively in a temperature range from -20°C to 1000°C.

**791007** Airolube Universal Assembly paste, 50ml can

**791008** Airolube Universal Assembly paste, 500ml can

## AIROLUBE MULTI OIL

**airolube**

A multi-purpose natural lubricant that puts an end to squeaking and creaking parts and makes gears turn smoothly again. The oil is developed from rapeseed oil, making it not only plant-based but also biodegradable.

**791000** Airolube Multi Oil, 100ml squeeze bottle

**791001** Airolube Multi Oil, 200ml aerosol

## AIROLUBE MULTI GREASE

**airolube**

Airolube Multi Grease is a vegetable and multi-purpose grease. You can use this natural formula on loaded sliding, ball, wheel and roller bearings. Moreover, you can use Airolube Multi Grease for lubrication points, chassis and various shock-loaded or vibrating applications. In short, for an awful lot! This formula is suitable within a temperature range of -20°C to 70°C.

**791015** Airolube Multi Grease, 400 gram cartridge

**airolube**

## ZODIAC BEER CAN COOLER HOLDER

With this beer can holder you are the man at every event. Unique made by Zodiac with Old Skool Panhead engine! Made to keep 0.33L and 0.5L cans cool.

**999820** Zodiac Panhead Beer Can Holder
