FUEL FRIEND FUEL CANISTERS

FuelFriend®

Don't let yourself get stranded on the side of the road with an empty fuel tank! These handy fuel canisters fit easily into a saddlebag, and the smallest one will even fit a toolroll or toolbox. The 1 and 1.5 Liter versions can also be strapped against a frame or sissybar. Can also be used to store some extra oil in. UN approved for all types of fuel and oil. A lockable outlet for use with the 1, 1.5 and 2 Liter canisters is separately available.

- 757620** Red 0.5 Liter canister (9,5x5,5x16cm)
- 757621** Red 1 Liter canister (12,5x6,5x20,5cm)
- 757618** **NEW** Black 1 Liter canister (12,5x6,5x20,5cm)
- 757619** Red 1.5 Liter canister (12,5x6,5x27,5cm)

- 757617** **NEW** Black 1.5 Liter canister (12,5x6,5x27,5cm)
- 757622** Black 2 Liter canister (14x9x25cm)
- 757623** Optional lockable outlet for 1, 1.5 and 2 Liter canisters

789609 Wyatt Gatling Butt Bucket seat

SEAT PLUNGER FOR EARLY 750 & BIG TWIN

Complete seat plunger assemblies as they were stock on most 1930-1981 models.

- 745874** Parkerized seat plunger 1930-1973 45CI Side Valve solo and Servicars and 1930-1936 74CI & 80CI Big Twin, Samwel (OEM 3121-30 & 51600-30)
- 780114** Parkerized seat plunger 1937-1957 Big Twin, Samwel (OEM 3121-36 & 51610-36)
- 780113** Chrome seat plunger 1937-1957 Big Twin, Samwel (OEM 3121-36 & 51610-36)
- 782007** **NEW** Black seat plunger, 1958-1980 style, 1937-1980 Big Twin, V-Twin Mfg. (OEM 51610-58)
- 782008** **NEW** Chrome seat plunger, 1958-1980 style, 1937-1980 Big Twin, V-Twin Mfg. (OEM 51610-58)

- 782649** Frame seat post bushings 1958-early 1981 Big Twin, Colony, bronze, set of 2 (OEM 47094-58)
- 782639** Frame seat post bushing 1929-1973 45CI Side Valve solo & Servicar and 1930-1936 VL, Samwel (OEM 3113-29 & 47581-29)
- 782638** Frame seat post bushing 1937-1957 Big Twin, Samwel (OEM 3113-36 & 47583-36)
- 782492** Frame seat post bushing 1937-1957 Big Twin, Colony (OEM 3113-36 & 47583-36)
- 782648** Seat post rod lock nut & washer, all 1925-1981 models except Sportster, Parkerized, Colony (OEM 51674-25)
- 782647** Seat post rod lock nut & washer, all 1925-1981 models except Sportster, White plated, Colony (OEM 51674-25)

CRANKSHAFT POSITION SENSORS

Crankshaft position sensors as found on many 1995 to present Harley-Davidson models.

Fits 1995-1998 Fuel Injected Touring

- 747586** Crank Position Sensor, Cycle Pro (OEM 32447-95)
- 756241** Crank Position Sensor, V-Twin Mfg. (OEM 32447-95)

Fits 1999 Touring and 1999 Dyna

- 747591** Crank Position Sensor, Cycle Pro (OEM 32497-99)

Fits 2000 Touring and 2000-2003 Dyna

- 747587** Crank Position Sensor, Cycle Pro (OEM 32798-00B)
- 756260** Crank Position Sensor, USA made (OEM 32798-00B)
- 756242** Crank Position Sensor, V-Twin Mfg. (OEM 32798-00B)

Fits 2000 Softail

- 747589** Crank Position Sensor, Cycle Pro (OEM 32707-00)

Fits 2002-2017 V-Rod

- 747590** Crank Position Sensor, Cycle Pro (OEM 32313-01A)

Fits 2004-2005 Sportster

- 747593** Crank Position Sensor, Cycle Pro (OEM 32804-04B)

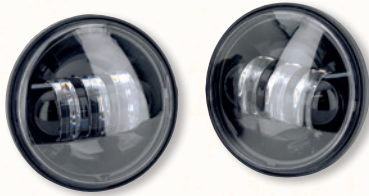

Fits 2004-2005 Dyna

- 747592** Crank Position Sensor, Cycle Pro (OEM 32798-04)

Fits 2001-2016 Touring, 2001-2017 Softail, 2006-2017 Dyna and 2006-2022 XL & XR Sportster

- 747588** Crank Position Sensor, Cycle Pro (OEM 32707-01C)
- 756292** Crank Position Sensor, S&S Cycle (OEM 32707-01C)
- 756243** Crank Position Sensor, V-Twin Mfg. (OEM 32707-01C)

CYRON 4 1/2" LED DRIVE LIGHT UNITS

Super bright CREE led light units that give 3 times as much light as common H3 bulbs but draw half the current. They feature hard coated UV resistant Polycarbonate lenses and built-in ballast. Fits most 4 1/2" (11.4cm) drive lights, spot lights and passing lamps on Harleys and Indians. Easy to install and sold in sets of two.

742198 Cyron 4 1/2" drive lights, black IP67 waterproof units, DOT approved

746799 **NEW** Cyron 4 1/2" drive lights, chrome IP67 waterproof units, DOT approved

COLONY GENERATOR SCREWS FOR 1958-1969 BIG TWIN

Perfect copies from the stock 5/16"-24 countersunk hex head screws to attach the generator to the crankcase, described as end cover screw in OEM parts catalogs on 1958-1965 Panhead and 1966-1969 Shovelhead.

780037 Chrome, set of two (OEM 30011-58)

780038 White plated, set of two (OEM 30011-58)

COOLANT TEMPERATURE SENSOR FOR V-ROD & TWIN COOLED TWIN CAM

Stock replacement coolant temperature sensor for all V-Rod 2002-2017 and 2014-2015 Twin Cooled Twin Cam Touring & Trike.

701392 Temperature sensor, Standard Motor Products (OEM 32315-01, 32700028)

701399 **NEW** Temperature sensor, Cycle Pro (OEM 32315-01, 32700028)

ENGINE TEMPERATURE SENSOR

Stock replacement engine temperature sensor as found on Fuel Injected 1999-2016 Touring, 2009-2016 Trike, 2004-2017 Dyna & 2001-2017 Softail.

701398 **NEW** Engine temperature sensor, Cycle Pro (OEM 32446-99)

721999 Engine temperature sensor, Standard Motor Products (OEM 32446-99)

OIL PRESSURE SWITCHES

Harley-Davidson owners demand high quality, reliable parts that perform. Therefore Zodiac offers a complete program of precision calibrated oil pressure switches covering Harley-Davidson from 1936 to present. All our oil pressure switches for Harley are designed and tested to ensure consistently accurate pressure thresholds. We suggest that oil pressure switches be replaced with each engine overhaul or rebuild.

Fits all 1938-1952 45CI, 1939-1948 74 & 80CI Flathead (side valves) and 1953-1973

Servi-Car (OEM 26550-38A)

745738 Replica, Samwel

789833 Replica, V-Twin Mfg.

Fits 1936-1952 EL Knucklehead, 1949-1965 Panhead, 1966-1984 Shovelhead,

1952-1956 K & KH and 1957-1976 Sportster (OEM 26551-39C, 26551-57 & 26552-72)

780231 Replica 1936-1964 style, Samwel

789834 Replica 1936-1964 style, V-Twin Mfg.

231925 Accel

700571 Standard Motorcycle Products

747580 **NEW** Cycle Pro

Fits 1977-2022 XL & XR Sportster and 1995-2010 air cooled Buell

(OEM 26554-77B)

231926 Accel

700572 Standard Motorcycle Products

747581 **NEW** Cycle Pro

Fits 1984-1999 Evolution Big Twin with oil pressure warning light only (OEM 26561-84)

231927 Accel

700573 Standard Motorcycle Products

747582 **NEW** Cycle Pro

Fits all 1987-1998 Evolution Big Twin with oil pressure gauge: FLHT, FLHTC, FLHTCU, FLTC, FLTCU & FLTR (OEM 74406-87)

747630 **NEW** Cycle Pro

Fits 2002-2017 V-Rod and 1999-2017 Twin Cam with oil pressure warning light only (OEM 26561-99)

742017 Standard Motorcycle Products

747583 **NEW** Cycle Pro

Fits 1999-2016 Twin Cam with oil pressure gauge: FLHTC, FLHTK, FLHTRU, FLHX & FLTRX (OEM 74438-99A)

747463 **NEW** Cycle Pro

789416 V-Twin Mfg.

Fits 2017 to present Milwaukee

Eight (OEM 71400112A)

747584 **NEW** Cycle Pro

ENERGY ONE CLUTCH COMPRESSOR TOOL

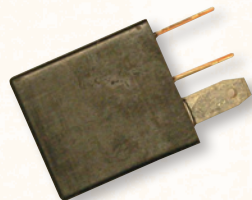

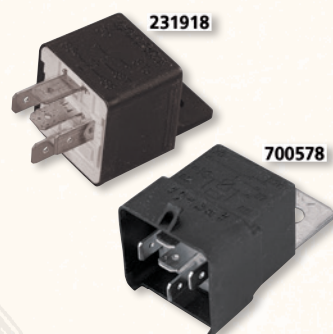

Energy One is the optimum choice for replacement clutch plates and components for your Harley-Davidson motorcycle. Their clutch spring compressor tool makes removal and installation of the clutch pack a breeze. Comes with a specific adaptor for use on Big Twins as well as one for use on Sportster and Buell.

791066 Clutch spring compressor tool for 1990-1997 Big Twin, 1991-2022 XL Sportster and 1995-2002 Buell

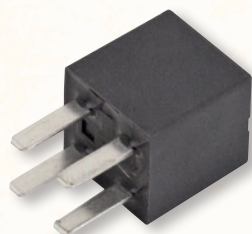

BOSCH TYPE STARTER RELAYS

Fits 2004-2009 Sportster

742018 Micro starter relay, Standard Motor Products (OEM 31601-04)

749595 **NEW** Micro starter relay, Cycle Pro (OEM 31601-04)

Fits 2007 to present Touring and 2010-2013 Sportster

760445 Micro starter relay, Standard Motor Products (OEM 31586-07)

TPS - THROTTLE POSITION SENSORS

The throttle position sensor on your throttle body transmits position information to the Electronic Control Module (ECM). It consists of mechanical parts which may become worn and require replacement. A malfunctioning throttle position sensor will relay bad data to your ECM and usually results in poor fuel economy. All our TPS sensors meet or exceed factory specifications.

Fits Magneti Marelli Fuel Injection equipped 1995-2001 Touring

747570 TPS sensor for Magneti Marelli, Cycle Pro (OEM 27271-95)

Early style (OEM 31506-79B)

231918 Accel
700579 Standard Motor Products
700578 Skirted version, made by Standard Motor Products

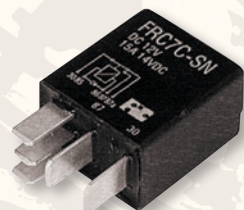

Late style (OEM 31504-91A)

700588 Standard Motor Products
749594 **NEW** Cycle Pro

MICRO STARTER RELAYS

"Micro" starter relays meet or exceed all factory standards. They are less than half as big as the Bosch type relays which makes them ideal for Custom projects.

Fits 2000-2006 Touring, 2000-2007 Dyna, 2000-2007 Softail and 2003-2010 Buell. Can also be used on 1980-1999 models if 2000 and later connector is used

721677 Micro starter relay, Standard Motor Products (OEM 31522-00)

Fits cable operated Delphi Fuel Injection on 2007-2022 XL & XR Sportster, 2001-2005 Softail, and 2002-2005 Touring

722161 TPS sensor, Standard Motor Products (OEM 27629-01A)

747571 TPS sensor, Cycle Pro (OEM 27629-01A)

Fits cable operated Delphi Fuel Injection on 2006-2015 Softail, 2006-2007 Touring and 2006-2017 Dyna

701391 TPS sensor, Standard Motor Products (OEM 27659-06)

747572 TPS sensor, Cycle Pro (OEM 27659-06)

748805 O-ring only, 10-pack, Cometic

Fits cable operated Delphi Fuel Injection on 2002-2017 V-Rod

747573 TPS sensor, Cycle Pro (OEM 27975-01)

STOCK REPLACEMENT FUEL INJECTORS

Most fuel injectors have a colored identification band. When the injectors on your motorcycle have a different color as listed below it is very much likely that yours are High Performance injectors with a greater-than-stock flow rate. Flow rate changes require reprogramming of your ECM.

Fits 2001-2005 Softail, 2016-2017 Softail, 2002-2005 Dyna, 2017 Dyna 110CI, 2002-2005 Touring, 2008-2016 Touring and 2009-2016 Trike

722018 Fuel injector, white band, 4.3 grams/sec., each, Standard Motor Products (OEM 27609-01B)

747577 Fuel injectors, white band, 4.3 grams/sec., pair, Cycle Pro (OEM 27609-01B, 27609-04)

Fits 2002-2017 V-Rod

747578 Fuel injectors, green band, 5.1 gram/sec., pair, Cycle Pro (OEM 27665-01A)

Fits 2006-2015 Softail, 2006-2017 Dyna 88, 96 & 103CI and 2006-2007 Touring

747468 **NEW** Fuel injectors, 3.91 grams/sec., pair, Cycle Pro (OEM 27625-06, 27709-06A)

Fits 2017 to present Touring, 2017 to present Trike and 2018 to present Softail

747469 **NEW** Fuel injectors, 4.4 grams/sec., pair, Cycle Pro (OEM 27400015 & 27400040)

Fits 2007-2022 XL & XR Sportster

747579 Fuel injectors, blue band, 3.8 grams/sec., pair, Cycle Pro (OEM 27706-07A)

INTAKE AIR TEMPERATURE SENSORS

A faulty intake-air temperature sensor can manifest itself through fault detection by the ECM. This may show as starting problems, reduced engine power and/or increased fuel consumption.

Fits Magneti Marelli fuel injection equipped 1995-1998 Evolution Touring and 1999-2001 Twin Cam Touring

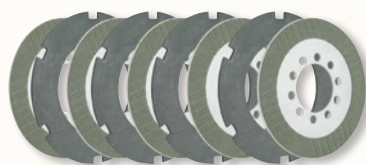

721734 Intake air temperature sensor kit, Standard Motor Products (OEM 27270-95)

760545 Intake air temperature sensor kit for Magneti Marelli EFI, fits 1995-2001 Touring, S&S/Viola V-Twin (OEM 27270-95)

Fits cable controlled Delphi fuel injection equipped 2006-2007 Touring, 2006-2015 Softail and 2006-2017 Dyna

769996 **NEW** Intake air temperature sensor, USA (OEM 27381-06)

ENERGY ONE CLUTCH KITS FOR EARLY BIG TWIN

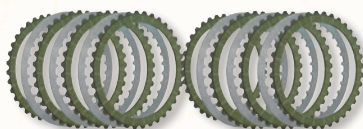

With more than 30 years experience in the high performance motorcycle and automotive clutch industry, Energy One is the optimum choice for replacement clutch plates and components for your Harley-Davidson motorcycle. All Energy One clutch plates and components are 100% manufactured in the USA by skilled American craftsmen using only the latest tools and CNC equipment. Friction plates feature Energy Ones race proven friction material with a maximum groove pattern for heat dissipation and fluid circulation. All steel plates are made with a high tempered steel and vibratory deburred for extreme flatness for positive engagement and performance.

Fits 1941 through early 1984 Big Twin, run wet or dry

- 791057** Set of five friction plates with 6061 T6 aluminum core (OEM 37850-68)
- 791058** High Performance Extra-Plate clutch with 20% more surface area than stock, includes six friction plates with 6061 T6 aluminum core, five steel drive plates and ten zero crush springs

ENERGY ONE CLUTCH KITS FOR 1991-2022 EVOLUTION SPORTSTER

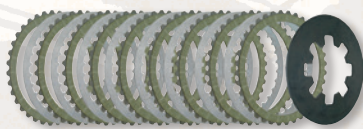

With more than 30 years experience in the high performance motorcycle and automotive clutch industry, Energy One is the optimum choice for replacement clutch plates and components for your Harley-Davidson motorcycle. All Energy One clutch plates and components are 100% manufactured in the USA by skilled American craftsmen using only the latest tools and CNC equipment. Friction plates feature Energy Ones race proven friction material with a maximum groove pattern for heat dissipation and fluid circulation. All steel plates are made with a high tempered steel and vibratory deburred for extreme flatness for positive engagement and performance.

Fits 1990-1997 Big Twin, 1991-2022 XL Sportster and 1995-2005 Buell

- 791060** Set of eight friction plates with tempered steel cores and six steel drive plates (OEM 37911-90 & 37913-90). Install with stock riveted double separator plate ZPN 144173, 238669 or 711749 (OEM 37977-90)

ENERGY ONE EXTRA PLATE CLUTCH KITS FOR 1991-2022 EVOLUTION SPORTSTER

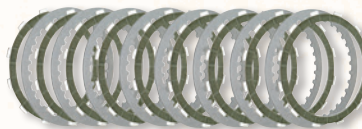

With more than 30 years experience in the high performance motorcycle and automotive clutch industry, Energy One is the optimum choice for replacement clutch plates and components for your Harley-Davidson motorcycle. All Energy One clutch plates and components are 100% manufactured in the USA by skilled American craftsmen using only the latest tools and CNC equipment. Friction plates feature Energy Ones race proven friction material with a maximum groove pattern for heat dissipation and fluid circulation. All steel plates are made with a high tempered steel and vibratory deburred for extreme flatness for positive engagement and performance.

Fits 1990-1997 Big Twin, 1991-2022 XL Sportster and 1995-2002 Buell

- 791061** High Performance kit with 15% increased clutch surface. Set of nine friction plates with tempered steel cores and eight steel drive plates. Install without stock riveted double separator plate but with Heavy-Duty diaphragm clutch spring like ZPN 731076

ENERGY ONE CLUTCH KITS FOR 1998-2017 BIG TWIN

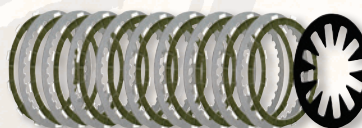

With more than 30 years experience in the high performance motorcycle and automotive clutch industry, Energy One is the optimum choice for replacement clutch plates and components for your Harley-Davidson motorcycle. All Energy One clutch plates and components are 100% manufactured in the USA by skilled American craftsmen using only the latest tools and CNC equipment. Friction plates feature Energy Ones race proven friction material with a maximum groove pattern for heat dissipation and fluid circulation. All steel plates are made with a high tempered steel and vibratory deburred for extreme flatness for positive engagement and performance.

Fits 1998-2000 Evolution Big Twin and 1999-2017 Twin Cam, except those with "Assist & Slip" clutch

- 791062** Set of nine friction plates with 6061-T6 aluminum cores and eight steel drive plates (OEM 37932-98 & 37913-98)

ENERGY ONE EXTRA PLATE CLUTCH KITS FOR 1998-2017 BIG TWIN

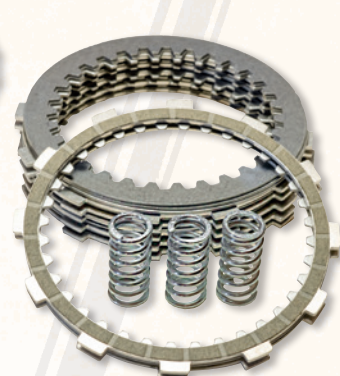

With more than 30 years experience in the high performance motorcycle and automotive clutch industry, Energy One is the optimum choice for replacement clutch plates and components for your Harley-Davidson motorcycle. All Energy One clutch plates and components are 100% manufactured in the USA by skilled American craftsmen using only the latest tools and CNC equipment. Friction plates feature Energy Ones race proven friction material with a maximum groove pattern for heat dissipation and fluid circulation. All steel plates are made with a high tempered steel and vibratory deburred for extreme flatness for positive engagement and performance.

Fits 1998-2000 Evolution Big Twin and 1999-2017 Twin Cam, except those with "Assist & Slip" clutch

- 791063** High Performance kit with 10% increased clutch surface. Set of ten friction plates with 6061-T6 aluminum cores, nine steel drive plates and a 10% stronger than stock diaphragm spring

ENERGY ONE CLUTCH KITS FOR ASSIST & SLIP CLUTCH

With more than 30 years experience in the high performance motorcycle and automotive clutch industry, Energy One is the optimum choice for replacement clutch plates and components for your Harley-Davidson motorcycle. All Energy One clutch plates and components are 100% manufactured in the USA by skilled American craftsmen using only the latest tools and CNC equipment. Friction plates feature Energy Ones race proven friction material with a maximum groove pattern for heat dissipation and fluid circulation. All steel plates are made with a high tempered steel and vibratory deburred for extreme flatness for positive engagement and performance.

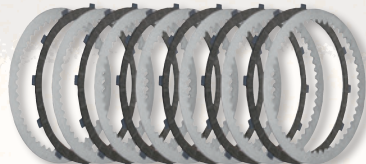

Fits 2013-2016 CVO Touring, 2013-2016 CVO Trike and 2013-2017 CVO Softail with "Assist & Slip" clutch

- 791064** Set of nine friction plates, eight steel drive plates and three zero collapse coil type clutch springs (OEM 37000118)

Fits 2017 to present Milwaukee Eight Touring & Trike and 2018 to present Milwaukee Eight Softail

- 791065** Set of nine friction plates, eight steel drive plates and three zero collapse coil type clutch springs (OEM 37000258)

ENERGY ONE CLUTCH KITS FOR 1984-1989 BIG TWIN

With more than 30 years experience in the high performance motorcycle and automotive clutch industry, Energy One is the optimum choice for replacement clutch plates and components for your Harley-Davidson motorcycle. All Energy One clutch plates and components are 100% manufactured in the USA by skilled American craftsmen using only the latest tools and CNC equipment. Friction plates feature Energy Ones race proven friction material with a maximum groove pattern for heat dissipation and fluid circulation. All steel plates are made with a high tempered steel and vibratory deburred for extreme flatness for positive engagement and performance.

Fits late 1984-1989 5-speed Big Twin, run wet or dry

- 791059** Set of six friction plates with tempered steel cores and seven steel drive plates. High performance kit with 25% increased clutch surface (OEM 37930-84 & 37975-84)

CONNECTING ROD BEARING FOR TWIN CAM

You won't find these in OEM parts catalogs: a connecting rod bearing for Twin Cam. Works with OEM crankshafts, S&S 3-piece crankshafts and Daytona connecting rods.

- 794900** Connecting rod bearing assembly, S&S

ALL BALLS WHEEL BEARING KIT FOR INDIAN & VICTORY

Set with two wheel bearings and two seals. Fit all 2003-2017 Victory models front and rear, as well as all 2014 to present Indian models front and rear.

743922 Set with two wheel bearings and two wheel seals (OEM 3514405 & 3610094)

JIMS REAR AXLE RETENTION UPGRADE

Improve reliability and safety with these USA made axle retention upgrade kits. They prevent the rear axle nut coming loose, thus all associated problems. Kits include a special slotted axle nut washer part and stronger and better than stock fitting swing arm end caps. Designed for improved safety of high performance bikes.

751047 Fits 1991-2005 Dyna
751048 Fits 1979-2004 Sportster, 1973-1986 4-speed FL and FX and 1984-1985 Softail
751049 Fits 1980-1986 5-speed FLH, all 1986-2001 Touring and 1982-2000 FXR

RICK'S AXLE AND BOLT CAPS

Rick's covers are extremely easy to install and add a super clean look on all axle and significant mounting bolts for Milwaukee Eight Softails. Complete kits include seven covers in total: two for the front wheel axle, two for the swingarm pivot, two for the rear wheel axle and one for the upper rear shock absorber mounting bolt. Your choice of the Smooth or 5-teeth Premium design.

Complete 7-piece cover kits, fits 2018 to present FLDE Deluxe, FLHC & FLHC Heritage Classic, FLSL Slim, FXBB & FXBBS Street Bob and FXST Standard

757371 Complete 7-piece cover kit, Smooth Black

757372 Complete 7-piece cover kit, Premium Black

Complete cover kits, fits 2018 to present FLFB & FLFB Fat Boy and 2018 to present FXBR & FXBRS Breakout

757359 Complete 7-piece cover kit, Smooth Black

757360 Complete 7-piece cover kit, Premium Black

Complete 7-piece cover kits, fits 2018 to present FLFB Sport Glide

757367 Complete 7-piece cover kit, Smooth Black

757368 Complete 7-piece cover kit, Premium Black

Complete 7-piece cover kits, fits 2018 to present FXFB & FXFB Fat Bob

757355 Complete 7-piece cover kit, Smooth Black

757356 Complete 7-piece cover kit, Premium Black

Rear right upper shock absorber bolt cover, fits all 2018 to present Milwaukee Eight Softail

757353 Smooth Black

757354 Premium Black

Swingarm pivot bolt covers, fits 2018 to present FLFB & FLFB Fat Boy and FXBR & FXBRS Breakout

757361 Smooth Black, set for left and right

757362 Premium Black, set for left and right

Swingarm pivot bolt covers, fits 2018 to present FLDE Deluxe, FLHC & FLHC Heritage, FLFB Sport Glide, FLSL Slim, FXBB & FXBBS Street Bob, FXFB & FXFB Fat Bob, FXLR, FXLRS, FXLRST & FXRST Low Rider and FXST Standard

757373 Smooth Black, set for left and right

757374 Premium Black, set for left and right

Complete 7-piece cover kits, fits 2020 to present FXLRS Low Rider S and FXLRST & FXRST Low Rider ST

757363 Complete 7-piece cover kit, Smooth Black

757364 Complete 7-piece cover kit, Premium Black

Front wheel axle covers, fits 2018 to present FXFB & FXFB Fat Bob

757357 Smooth Black, set for left and right

757358 Premium Black, set for left and right

Front wheel axle covers, fits 2020 to present FXLRS, FXLRST and FXRST Low Rider

757365 Smooth Black, set for left and right

757366 Premium Black, set for left and right

Front wheel axle covers, fits 2018 to present FLFB Sport Glide

BURLY SLAMMER SHOCK FOR MILWAUKEE EIGHT SOFTAIL

NEW

BURLY BRAND MOTORCYCLE ACCESSORIES

The ultimate solution for Harley-Davidson Milwaukee Eight Softail riders who want to rock a slammed or lowered look on the road. The new Slammer is engineered to give you a smooth, stable ride at high speeds, without compromising on comfort or style. The lowered seat height also benefits shorter riders, giving them more confidence at a stoplight as they can get their feet firmly planted on the ground. Crafted with a high-pressure nitrogen charged damper, the Slammer Shock utilizes a hard chrome precision ground piston rod and features a steel monotube construction with an Internal Floating Piston (IFP) to provide

SIMPLIFIED AIR SUSPENSION FOR MILWAUKEE EIGHT SOFTAIL

NEW

SAS
COMPLETE AIR SUSPENSION

The SAS Air Suspension has no compressor to mount, no hoses to run, no fittings to fail & is completely plug and play. Absolutely the easiest install and allowing you to raise and lower your rear end at the touch of a button. Add air pressure to improve ride quality, during changing road conditions or while hauling added weight. Add extra air to compensate for your passenger and then release some for solo riding. You can also release all of the air and park your bike down on the ground. Adjustable air pressure makes for a smooth comfortable ride under any condition. No more bottoming out! Comes with a black handlebar switch and a remote filtered air breather that keeps compressor clean and dry. Comes with a 5 year parts warranty and machined parts are warranted for life.

- 734481** Fits all 2018 to present Milwaukee Eight Softail

Optional & replacement parts

- 734480** Chrome pre-wired two-button handlebar switch

incredible ride performance. The Slammer shock is designed to fit seamlessly into your Harley-Davidson, ensuring a hassle-free installation process giving you that slammed, lowered look in no time. Preload adjustment is with the included preload spanner wrench. Dependent on year and model this shock lowers your bike between 1" and 2".

Fits all 2018 to present Milwaukee Eight Softail

- 763497** Burly Slammer shock, 12.2" (310mm) eye-to-eye length

PROGRESSIVE SUSPENSION 990 SERIES REMOTE RESERVOIR SHOCKS

NEW

PROGRESSIVE
SUSPENSION

Progressive Suspension claims these are the most adjustable shock in the V-Twin market. They feature complete adjustability with a 0.4" adjustable height eyelet, rebound damping adjustment, High & Low Speed compression damping adjustment via easily accessible knobs, and threaded hand adjustable spring preload. They also feature a high-pressure monotube with deflective disc damping routed through two unique circuits delivering a consistent feel through the damper stroke for improved performance and stability. The new and improved engineered jounce bumper features a captured design to help smooth and control bottoming. Shocks come with brackets to install the remote reservoirs in front of hard shell luggage. Brackets to install the reservoirs on the top rear fender strut covers on 2009 and later Touring are available as an accessory. Shocks with Heavy-Duty springs are recommended for riders with a weight of more than 110kg or for those who ride with a passenger most of the time. Every shock is hand-built, tuned and dyno tested. Engineered for aggressive sport inspired riders, the 990 sets the mark for excellence on your V-Twin motorcycle.

Fits 1980 to present Touring

- 763645** PS 990 series shocks with standard rate springs, 12" (305mm) eye-to-eye, pair
- 763646** PS 990 series shocks with Heavy-Duty springs, 12" (305mm) eye-to-eye, pair
- 763647** PS 990 series shocks with standard rate springs, 13" (330mm) eye-to-eye, pair
- 763648** PS 990 series shocks with Heavy-Duty springs, 13" (330mm) eye-to-eye, pair
- 763636** Accessory bracket kit to install reservoirs on the top rear fender strut covers on 2009 to present Touring

PROGRESSIVE SUSPENSION 990 SERIES PIGGYBACK SHOCKS

Progressive Suspension claims these are the most adjustable shock in the V-Twin market. They feature complete adjustability with a 0.4" adjustable height eyelet, rebound damping adjustment, High & Low Speed compression damping adjustment via easily accessible knobs, and threaded hand adjustable spring preload. They also feature a high-pressure monotube with deflective disc damping routed through two unique circuits delivering a consistent feel through the damper stroke for improved performance and stability. The new and improved engineered jounce bumper features a captured design to help smooth and control bottoming. Shocks with spherical bearings in the mounting eyes prevent side-to-side movement from the swingarm being transferred throughout the rest of the chassis. Every shock is hand-built, tuned and dyno tested. Engineered for aggressive sport inspired riders, the 990 sets the mark for excellence on your V-Twin motorcycle.

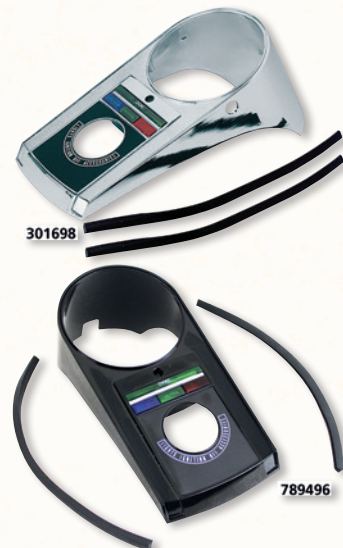

Fits 1988-2022 XL Sportster

- 763637** PS 990 series shocks with spherical bearings, 12" (305mm) eye-to-eye, pair
- 763638** PS 990 series shocks with spherical bearings, 13" (330mm) eye-to-eye, pair
- 763639** PS 990 series shocks with spherical bearings, 14" (356mm) eye-to-eye, pair
- 763640** PS 990 series shocks with spherical bearings, 15" (381mm) eye-to-eye, pair

Fits 1991-2017 Dyna

- 763641** PS 990 series shocks with spherical bearings, 12 1/2" (318mm) eye-to-eye, pair
- 763642** PS 990 series shocks with spherical bearings, 13 1/2" (343mm) eye-to-eye, pair
- 763643** PS 990 series shocks, standard bush mount, 12 1/2" (318mm) eye-to-eye, pair
- 763644** PS 990 series shocks, standard bush-mount, 13 1/2" (343mm) eye-to-eye, pair

LATE STYLE CAST DASHES

These heavy-duty zinc die-cast dashes are duplicates of their OEM counterparts. Complete in every detail, each dash also includes the lenses, light divider and trim rubbers.

- 789652** Chrome wing type fuel valve (OEM 62125-55B)

DAKOTA INFORMATION CENTERS

The Dakota Digital popular bar-mount instrument system is loaded with features and ability to customize to your liking, integrated pushbutton switches allow for accessible operation, even with gloves. User-selectable RGB Lighting allows color selections to suit your bike and theme, movable displays allow you to place readouts in a variety of display locations, or even a selection between a digital or bar-graph style of readout for several displays. You can also select between Imperial or Metric displays. Information centers have indicator lamps for Left & Right turn signal, Check Engine, Low Oil, Security, High Beam and Neutral. Standard readouts include Speedometer, Tachometer, Odometer, two Trip meters, Service Meter, Hourmeter, Voltmeter, Gear Position and Clock. Also present are High Speed Recall, High RPM Recall, 0-60 Time, Quarter mile time and speed. Fuel Level shows -except for 2007-2017 V-Rod- when the required tank mounted sensor is used. Air Suspension pressure, Oil Temp and Oil Pressure can be shown when sensors for these are purchased separately. Handlebar mounts must also be purchased separately. Spike style measures 6 1/2" x 2" (16.5 x 5cm), Oval style is 5 7/8" x 2" (14.9 x 5cm).

Fits Harley-Davidson 1996-2003 models with a standard transmission mounted electronic speed sensor and other motorcycles when an accessory electronic speed sensor is used

- 745411** Spike style Digital Information center, chrome

Fits 2005-2017 V-Rod, 2005-2022 XL & XR Sportster, 2007-2017 Dyna, 2007 to present Softail, 2007 to present Touring and 2008-2010 Buell XB

744492 Speed sensor, USA made (OEM 74402-05B)

744494 Speed sensor, V-Twin Mfg. (OEM 74402-05B)

747634 Speed sensor, Cycle Pro (OEM 74402-05B)

SPARTAN QUICK-RELEASE WINDSHIELDS

The Spartan windshield's stainless steel frame, finished in stealth black powdercoat, puts this full size windshield in a category of its own. Spartan leads the way in high value/low cost. Optional chrome lower windscreen air deflectors are available for most Harley-Davidson models. The rake-adjustable Quick Release Mount Kit let you remove the windshield in just seconds without tools and is also the same for all Spartan windshields. So you do not only have a choice between riding with or without a windshield, you also have a choice between completely different styles. Spartan windshields feature high quality steel and stainless steel hardware and 4.0mm thick polycarbonate with National Cycle's exclusive Quantum hardcoating for the ultimate in scratch resistance. To top it off, these windshields are backed by National Cycle's exclusive 3-Year Warranty against breakage.

Note: Height is measured from the headlight cutout in a vertical line level to the top of the screen in the fully raked forward position. Width is measured in a straight line across the back of the shield at its widest point.

Fits 39mm front forks on 1988-1994 FXLR Low Rider Custom, 1993-2005 FXDL Low Rider, 1995-2005 FXD & FXDC Super Glide, 1994-2000 FXDS Super Glide Convertible, 1999-2005 FXDX Super Glide Sport, 1988-1994 FXR & FXRS Low Rider, 1988-2010 XL883 & 1200 Standard, 1996-2010 XL883C & XL1200C Custom, 2004-2013 XL883R Roadster, 2005-2010 XL883L Low, 2006-2011 XL1200L Low, 2009-2022 XL883N Iron, 2007-2012 XL1200N Nightster, 2018-2022 XL1200NS Iron and 2012-2016 XL1200V Seventy-Two

SWITCHBLADE 2-UP QUICK-RELEASE WINDSHIELDS

The Switchblade 2-Up offers maximum protection from the wind and weather for you and your riding partner. The 2-Up enhances your long rides by cutting fatigue and protecting you against debris. This windshield transforms your motorcycle into a serious touring bike. To complete the transformation optional chrome lower windscreen air deflectors are available for most Harley-Davidson models. The rake-adjustable Quick Release Mount Kit let you remove the windshield in just seconds without tools and is also the same for all Switchblade windshields. Thus you not only have a choice between riding with or without a windshield, you also have a choice between completely different styles. Switchblade windshields feature high quality steel and stainless steel hardware and 4.0mm thick polycarbonate with National Cycle's exclusive Quantum hardcoating for the ultimate in scratch resistance. To top it off, these windshields are backed by National Cycle's exclusive 3-Year Warranty against breakage.

Note: Height is measured from the headlight cutout in a vertical line level to the top of the screen in the fully raked forward position. Width is measured in a straight line across the back of the shield at its widest point.

SWITCHBLADE CHOPPED QUICK-RELEASE WINDSHIELDS

The Switchblade Chopped is a cut-down version of the popular 2-Up windshield. This is the perfect height for many riders on motorcycles with low seat positions. Or, you may simply prefer the contoured top and the trimmed bottom profile that gives the Chopped its distinctive silhouette. Optional chrome lower windscreen air deflectors are available for most Harley-Davidson models. The rake-adjustable Quick Release Mount Kit let you remove the windshield in just seconds without tools and is also the same for all Switchblade windshields. Thus you not only have a choice between riding with or without a windshield, you also have a choice between completely different styles. Switchblade windshields feature high quality steel and stainless steel hardware and 4.0mm thick polycarbonate with National Cycle's exclusive Quantum hardcoating for the ultimate in scratch resistance. To top it off, these windshields are backed by National Cycle's exclusive 3-Year Warranty against breakage.

Note: Height is measured from the headlight cutout in a vertical line level to the top of the screen in the fully raked forward position. Width is measured in a straight line across the back of the shield at its widest point.

Fits 39mm front forks on 1988-1994 FXLR Low Rider Custom, 1993-2005 FXDL Low Rider, 1995-2005 FXD & FXDC Super Glide, 1994-2000 FXDS Super Glide Convertible, 1999-2005 FXDX Super Glide Sport, 1988-1994 FXR & FXRS Low Rider, 1988-2010 XL883 & 1200 Standard, 1996-2010 XL883C & XL1200C Custom, 2004-2013 XL883R Roadster, 2005-2010 XL883L Low, 2006-2011 XL1200L Low, 2009-2022 XL883N Iron, 2007-2012 XL1200N Nightster, 2018-2022 XL1200NS Iron and 2012-2016 XL1200V Seventy-Two

SWITCHBLADE SHORTY QUICK-RELEASE WINDSHIELDS

The smaller screen of the Switchblade Shorty is an ideal choice for the rider who generally does not put long hours in the saddle. Short in size but long on looks and quality features, the Shorty keeps wind blast and bugs at bay while preserving the "wind in your face" motorcycling experience. Optional chrome lower windscreen air deflectors are available for most Harley-Davidson models. The rake-adjustable Quick Release Mount Kit let you remove the windshield in just seconds without tools and is also the same for all Switchblade windshields. So you do not only have a choice between riding with or without a windshield, you also have a choice between completely different styles. Switchblade windshields feature high quality steel and stainless steel hardware and 4.0mm thick polycarbonate with National Cycle's exclusive Quantum hardcoating for the ultimate in scratch resistance. To top it off, these windshields are backed by National Cycle's exclusive 3-Year Warranty against breakage.

Note: Height is measured from the headlight cutout in a vertical line level to the top of the screen in the fully raked forward position. Width is measured in a straight line across the back of the shield at its widest point.

Fits 39mm front forks on 1988-1994 FXLR Low Rider Custom, 1993-2005 FXDL Low Rider, 1995-2005 FXD & FXDC Super Glide, 1994-2000 FXDS Super Glide Convertible, 1999-2005 FXDX Super Glide Sport, 1988-1994 FXR & FXRS Low Rider, 1988-2010 XL883 & 1200 Standard, 1996-2010 XL883C & XL1200C Custom, 2004-2013 XL883R Roadster, 2005-2010 XL883L Low, 2006-2011 XL1200L Low, 2009-2022 XL883N Iron, 2007-2012 XL1200N Nightster, 2018-2022 XL1200NS Iron and 2012-2016 XL1200V Seventy-Two

SWITCHBLADE DEFLECTOR QUICK-RELEASE WINDSHIELDS

The Switchblade Deflector windshield keeps wind blast off your chest and deflects summertime bugs and debris. With its minimal profile and maximum style, it's a great choice for in-town cruising. All Switchblade Windshields feature high quality chromed steel and stainless steel hardware. Optional chrome lower windscreen air deflectors are available for most Harley-Davidson models. The rake-adjustable Quick Release Mount Kit let you remove the windshield in just seconds without tools and is also the same for all Switchblade windshields. So you do not only have a choice between riding with or without a windshield, you also have a choice between completely different styles. Switchblade windshields feature high quality steel and stainless steel hardware and 4.0mm thick polycarbonate with National Cycle's exclusive Quantum hardcoating for the ultimate in scratch resistance. To top it off, these windshields are backed by National Cycle's exclusive 3-Year Warranty against breakage.

Note: Height is measured from the headlight cutout in a vertical line level to the top of the screen in the fully raked forward position. Width is measured in a straight line across the back of the shield at its widest point.

NATIONAL CYCLE'S BEADED HEAVY DUTY WINDSHIELD

The Beaded Heavy Duty is an authentic three-piece beaded construction. The beaded edge that has been applied in a modern way without glue to reduce yellowing and remain good looking for many years. The Beaded Heavy Duty uses FMR hardcoated Lexan polycarbonate and is 21 1/4" (54cm) high and 22 1/2" (57cm) wide. Windshields feature highly polished chrome steel outer hardware with non-glare black epoxy coated steel inner straps. Complete windshield kits come with the required mounting hardware. Standard round top windshields have an adjusting window with a round cutout. The 1960-1984 style windshields have, as standard in these years, a notched adjusting window. The 1949-1959 style windshields have a peaked

top and cupped adjusting window. When you also want to create some convenient up-front storage we have a Holdster windshield bag available as an accessory.

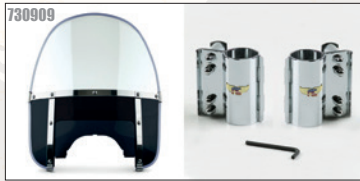

Fits 41mm front forks on 1993-2005 FXDWG, 1980-1985 FXWG, 1983 FXDG, 1984-2012 FXST & FXSTC Softail, 1999-2007 FXSTB Night Train and 2000-2007 FXSTD Deuce

- 730941** Complete Low Boy Heavy Duty windshield with mounting kit
- 730942** Complete Ranger Heavy Duty windshield kit with mounting kit
- 710709** Mounting bracket kit only

Narrow Frame Heavy Duty windshields come in three different sizes and feature the same quality construction as the Wide Frame Heavy Duty but are designed with a vertical strap spacing of 10.75" for a great fit on Wide Glides and a must on Narrow Glides. The lower section with the cut-out for your headlight is adjustable to allow you to fit your windscreen in a position to give you the ultimate weather protection in combination with a good looks. The Custom Heavy Duty is one of our most popular windshields and offers plenty of height with a slim profile for riders of FX Narrow Glides and Sportsters who want to tour longer distances. Measures 19"-21" (48.2-53.3cm) from the top of the headlight cut out to the top of the screen and is 19" (48.3cm) wide. The Low Boy Heavy Duty is the cut down version of the Custom. It is the perfect choice for riders sitting low in the saddle or for the rider that likes a low screen. Measures 14.3"-16" (36.2-40.6cm) from the top of the headlight cut out to the top of the screen and is 19" (48.3cm) wide. The Ranger Heavy Duty cuts the slim profile to its limits for the rider who wants just a small shield. The Ranger looks great on Wide Glides and Narrow Glides as well, and provides protection against wind and rain on the rider's chest. Measures 13.8"-16.3" (34.9-41.3cm) from the top of the headlight cut out to the top of the screen and is 16.5" (42cm) wide. All shields are made out of 4mm thick Quantum coated Lexan Polycarbonate, the highest quality motorcycle windscreen material available. It is vastly superior to any other hardcoat application and is virtually indestructible, reason why it is covered by National Cycle's 3-year Unbreakable Warranty! To create storage space you may consider to fit the Holdster windshield bag. For the finishing touch of your Heavy Duty windshield we have a chrome plated billet aluminum trim kit available.

- 731182** Light tinted screen black front trim plate and mounting hardware
- 731169** Dark tinted with chrome front trim plate and mounting hardware
- 731183** Dark tinted screen with black front trim plate and mounting hardware

Have the hottest bike around with National Cycle's Wave Switchblade, the fairing that defines performance on the edge. The Wave's sculpted polycarbonate body captures the spirit of your motorcycle. Its jetstreamed looks come from National Cycle's attention to aerodynamics and precision forming. The rake-adjustable Quick Release Mount Kit let you remove the windshield in just seconds without tools and is also the same for all Switchblade windshields. So you not only have a choice between riding with or without a windshield, you also have a choice between completely different styles. To top it off, these windshields are backed by National Cycle's exclusive 3-Year Warranty against breakage. **Note:** Height is measured from the headlight cutout in a vertical line level to the top of the screen in the fully raked forward position. Width is measured in a straight line across the back of the shield at its widest point.

Fits 39mm front forks on 1988-1994 FXLR Low Rider Custom, 1993-2005 FXDL Low Rider, 1995-2005 FXD & FXDC Super Glide, 1994-2000 FXDS Super Glide Convertible, 1999-2005 FXDX Super Glide Sport, 1988-1994 FXR & FXRS Low Rider, 1988-2010 XL883 & 1200 Standard, 1996-2010 XL883C & XL1200C Custom, 2004-2013 XL883R Roadster, 2005-2010 XL883L Low, 2006-2011 XL1200L Low, 2009-2022 XL883N Iron, 2007-2012 XL1200N Nightster, 2018-2022 XL1200NS Iron and 2012-2016 XL1200V Seventy-Two

BURLY BRAND VOYAGER LUGGAGE

The Voyager luggage line is for riders that are looking for more stylish utilitarian luggage options. Burly's detachable Saddlebags, Tool Roll, Roll Top Backpack, Tank/Tail Bag and Magnetic Map Tank Screen are constructed from 500gsm Dark Oak wet waxed UV treated cotton canvas or black Cordura with leather paneling and straps that will age and show character over time.

Single Saddlebag

A durable reinforced internal frame helps the bag keep shape whether it is empty or packed to the brim. The roll top Closure and Snap/Velcro Road Shield system keeps the wind and rain out. High quality speed buckles and zippers with metal Burly embossed button, as well as an

"Anti-Fail Snap System" keep everything secure. The quick release pin-lock bracket allows the saddlebag to be easily and quickly removed.

747903 Burly Voyager single saddlebag, Dark Oak waxed canvas

747913 **NEW** Burly Voyager single saddlebag, black Cordura

Tank/Tail Bag

Has an easy magnetic on-'n'-off system reinforced with safety securing D-ring anchor points for mounting. If want the bag out of the way, it's equally at home on the tail and includes a tail

mounting accessory flange that clips to the back of your seat. It also has a magnetic removable map/accessory screen that sticks either to the bag lid or directly to the tank. The map screen holds any variety of smart phones, small tablets, and even some GPS units. The bag features two exterior zipper pockets and a pass-thru port for motorcycle charging accessories so you can keep your smart phone, tablet or go-pro powered up on a long ride. Park your bike and take the bag with you in seconds using the convenient carry handle; either directly off the tank, or via the 4 high quality speed buckles that are part of the bag's "Anti Fail Snap System" on the tail.

747904 Burly Voyager Tank/Tail bag, Dark Oak waxed canvas

747914 **NEW** Burly Voyager Tank/Tail bag, black Cordura

Tool Roll

The tool roll features eight-pockets in three widths to accommodate multiple tools sizes and include a catch-all

zipper pocket for any of the small bits. High quality speed buckles and zippers with metal Burly embossed button, as well as an "Anti-Fail Snap System" keep everything in this tool roll secure. The adjustable quick release mounting system works on handle bars, sissy bars or as a side frame mount. Tools not included.

747906 Burly Voyager Tool Roll without tools, Dark Oak waxed canvas

747916 **NEW** Burly Voyager Tool Roll without tools, black Cordura

Back Pack

Featuring a fully padded interior with a partition for a 15" laptop, auxiliary port, Burly flannel straps, leather exterior panels for support, and a variable height snap closure. High quality speed buckles and

zippers with metal Burly embossed button, as well as an "Anti-Fail Snap System" keep everything right where you want it at speed. Large front zipper pockets provide the storage needed for loose items. This is your favorite bag to grab and go.

747905 Burly Voyager Back pack, Dark Oak waxed canvas

747915 **NEW** Burly Voyager Back pack, black Cordura

Sissy Bar Backpack

Burly Brand's Sissy Bar Backpack is made of their proprietary Dark Oak Wet Waxed UV treated cotton canvas or Black Cordura and leather paneling for support that will age and show character over time. Three clever carry options with hidden Backpack straps, a leather wrapped side grab handle for easy duffel bag mobility and

two tie-down straps secure the MOLLE system to most Sissy Bars. High quality "moto centric" zippers with metal Burly embossed button snaps and accents as well as an "Anti-Fail Snap System" keep everything secure.

747918 **NEW** Burly Voyager Sissy Backpack, black Cordura

747919 Burly Voyager Sissy Backpack, Dark Oak waxed cotton

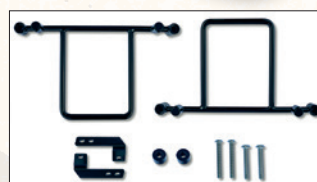

Magnetic Map Tank Screen

With its innovative stretch screen design, it will hold a vast array of smart phones, small tablets and even GPS units. The screen will stick directly to the gas tank via padded magnets.

747907 Burly Voyager Magnetic Map Tank Screen, Dark Oak waxed canvas
